

Part 7. Where can I get more information?

This series of guides is for members of BSI's technical committees and anyone interested in the development of standards. It is designed to accompany BS 0, *A standard for standards* and gives you information on:

- [1 The benefits of being involved in standardization](#)
- [2 How to work with BSI](#)
- [3 How committees work](#)
- [4 How standards are created](#)
- [5 Different types of standards and related publications](#)
- [6 Legal aspects, training and European Directives](#)
- [7 Background, history and helpful links](#)

Please try the following links:

- British Standards (www.bsigroup.com/en/Standards-and-Publications) and its role as the UK's national standards body
- international standards bodies (next page)
- how to find BSI's offices (<http://www.bsigroup.com/en/Contact-Us>)
- history of BSI (<http://www.bsigroup.com/en/About-BSI/About-BSI-Group/BSI-History>)

For more information, please e-mail us at bs0mailbox@bsigroup.com

Further links to BSI, ISO, IEC, CEN & CENELEC on following page

The website at www.bsigroup.com describes the work of BSI and gives information on British Standards.

Projectline, the free service that lets you to search for British Standards under development, is at

www.bsigroup.com/en/Standards-and-Publications/Current-work/ProjectLine-Search

You can buy documents from the comprehensive on-line catalogue at

www.bsigroup.com/upload/Standards%20&%20Publications/shop.html

Public information on national committees and access to documents in the public domain are on

ecommittees.bsi-global.com/livmlink7/livmlink?func=ll&objId=610810&objAction=browse&sort=name

ISO links, information and data are at www.iso.org

For information on the standardization process, individual technical committees, templates of ISO forms and the drafting template, please go to http://www.iso.org/iso/standards_development.htm

IEC links, information and data are at www.iec.ch
The TC /SC dashboard on this site gives useful information on committee projects.

CEN links, information and data are at www.cen.eu
Standards and drafts gives access to published standards, active projects and other data associated with the technical committees.

The essential source of reference for all CEN System operations is at www.cen.eu/boss

CENELEC links, information and data are at www.cenelec.org

To navigate CENELEC, please access the CENELEC TISS (Technical Information and Support Service) on www.cenelec.eu/Cenelec/Technical+work/Support+services/TISS
