

ISO/DIS 45001 Implementing Changes

One day course

Are you involved in migrating an Occupational Health and Safety Management System to ISO 45001? Learn what is needed when migrating from OHSAS 18001:2007 to ISO 45001.

How will I benefit?

- Understand the key differences between ISO 45001 and OHSAS 18001:2007 from an implementation perspective
- Identify what needs to be revised in your current management system
- Create an action plan that you can apply immediately
- Implement the changes using good practice guidance
- Find out about migrating your certification with BSI.

What will I learn?

- Specific new implementation requirements - and what to consider when implementing them
- Using gap analysis to conduct a baseline review of your current system
- Changes and additions needed to your existing systems
- What implementation could look like through examples provided in a toolkit.

Who should attend?

This course is ideal for anyone involved in the planning, implementing or supervising of an ISO 45001 migration.
