

BS OHSAS 18001 Occupational Health and Safety Management Systems Internal Auditor

What is it?

A BS OHSAS 18001 Occupational Health and Safety Management System can pave the way for optimum working conditions across your organization. Critical to this is the way you monitor the system's performance. An internal audit allows you to assess your health and safety management in detail, ensuring that your BS OHSAS 18001 framework remains effective and gives you maximum benefit.

Why do I need it?

Quality occupational health and safety management leads to a healthier and safer workplace, and auditing is critical to continually improving your BS OHSAS 18001 management system. Internal audits help you to assess every aspect of your system against the BS OHSAS 18001 standard. And becoming an internal auditor helps you identify gaps in your health and safety management – giving your organization the knowhow to close them and the confidence to improve the way you work.

How will I benefit?

With BS OHSAS 18001 you can boost customer, staff, stakeholder, and supplier confidence in the way you manage health and safety across your organization. You will have a framework for future legal and regulatory compliance, which will strengthen your business reputation. **Once you have a robust health and safety system in place you can reduce or avoid workplace accidents and illness that cost both time and money.** And better working conditions will lead to better performance.

What will I learn?

This two-day IOSH certified course will show you how to audit to the BS OHSAS 18001 standard. You will review how much you already know about the standard, close gaps in your knowledge and consider BS OHSAS 18001 requirements in the context of an audit. Learn to plan, perform and report on an internal audit, and understand the role you play in improving your health and safety management system. Our tutors will help you identify the roles and responsibilities of a successful internal auditor – giving you the confidence to fulfil them.

You can book now online by visiting bsigroup.co.uk/training or call us on **+44 845 086 9000** today

How will I learn?

We use accelerated learning techniques that encourage interaction and collaboration, keep the course varied and put your learning in context. Our tutors are the best in their field and will make sure your learning needs are met. Choose between public or in-company courses tailored to your business – whatever delivers the most positive and successful outcome for you.

What is Learn Plus?

With Learn Plus, you'll get regular webinars and e-learning resources that support your continual learning. We recognise that after you complete your course, your learning doesn't automatically stop. That's why we take care of it so you can concentrate on putting it into practice.

Where will I learn?

You won't have to travel far to our first class venues. These include the rural Cranage Hall south of Manchester, Sedgebrook Hall near

Northampton, Eastwood Hall in Nottingham or the Marriott in York. We also hold courses in London and Swindon.

Who are we?

As the world's first National Standards body, our expertise in shaping business standards spans more than a century. Our tutors are skilled in transferring knowledge contained within each standard to help you embed excellence within your organization. With over 65,000 clients in 150 countries world-wide, you can trust BSI to help you perform better, reduce risk and grow sustainably.

Why train with us?

We've trained and audited thousands of businesses using the same standards so we can genuinely benchmark performance. And we can take you from beginner to certification quickly then support you with follow-up courses and webinars – and all this for the price of your course.

Did you know?

"26.4 million working days were lost due to work-related illness and workplace injury."
