

Introduction to ISO 14001:2015 Draft (DIS)

Tutor : Bambang Suryalaksana

Seminar Description

This 3 hours update seminar provides organizations with the latest knowledge relating to changes arising as a result of the adoption of Annex SL (Appendix 2), and the latest revised Environmental Management System (EMS) requirements proposed for ISO 14001:2015.

Learning Objectives

Upon completion of this seminar, delegates will be able to:

- Identify the key envisaged changes to ISO 14001
- Identify what the changes will mean for organizations
- Explain the purpose and use of Annex SL Appendix 2
- Communicate any changes in EMS specific requirements arising as a result of transitioning from ISO 14001:2004 to ISO 14001:2015
- Explain the BSI certification transition arrangements

Seminar Benefits

- Understand the transition requirements (based on the Draft International Standard) from ISO 14001:2004 to ISO 14001:2015
- Inform others about the new requirements intended for ISO 14001:2015
- Prepare for ISO 14001:2015 audits

How will I learn?

Quickly. We use accelerated learning techniques that encourage interaction and collaboration, keep the course varied and put your learning in context. Your tutors are the best in their field and will make sure your learning needs are met. You can choose between public or in-company courses tailored to your business – whatever delivers the most positive and successful outcome for you.

Why train with us?

We've audited thousands of businesses using the same standards so we can genuinely benchmark performance. And we can take you from beginner to certification quickly then support you with follow-up courses and webinars – and all this for the price of your course.

Seminar time and investment

- **Tuesday, 30 September 2014 at 08.30 – 12.00**
- **IDR 350.000,-/Participant**
- **Including snacks, training material.**

Who are we?

As the world's first National Standards body, our expertise in shaping business standards spans more than a century. Our tutors are skilled in transferring knowledge contained within each standard to help you embed excellence within your organization. With over 65,000 clients in 150 countries world-wide, you can trust BSI to help you perform better, reduce risk and grow sustainably.

Did you know

BSI produced the worlds first environmental management standard, now ISO 14001, back in 1992

What our customer say

My aim of aligning the requirements of my previous management skills was well served. The pace, depth and range of items covered was just right.

Having attended the introduction course I found this to be the perfect complement and I'm looking forward to starting work on our environmental management system.
