

Calculating your Carbon Footprint

What is it?

Organisations are under increasing pressure to demonstrate that they are taking their environmental responsibilities seriously. This informative one day course provides an introduction for anyone who wants to understand how to calculate and report on their greenhouse gas emissions (GHG) – typically referred to as their carbon footprint – as an indication of environmental performance to shareholders, regulators and other interested parties.

Why do I need it and who should attend?

Taking environmental responsibility is a priority action for all industries and you can lead the way with this one-day environmental management course. Delivered by our expert trainers, this course is designed for anyone who wants to understand how to calculate greenhouse gas emissions – or your carbon footprint

How will I benefit?

This course will enable you to calculate and report with confidence on your organization's carbon footprint. • You will learn how to identify opportunities within your business for carbon reduction activities and carbon management strategies. Calculating your carbon footprint can be a step towards gaining environmental certification and demonstrating your organization's commitment to environmental management.

What will I learn?

This course will help you understand how to report on and verify your organization's carbon footprint. You will understand the principles of reporting and verifying GHG emissions and be confident in leading carbon management plans.

You can now download our course schedule by visiting www.bsigroup.sg/training or call us at **+65 6270 0777** today

How will I learn?

Quickly. We use accelerated learning techniques that encourage interaction and collaboration, keep the workshop varied and put your learning in context. Your tutors are the best in their field and will make sure your learning needs are met. You can choose between public or an in-company workshop tailored to your business – whatever delivers the most positive and successful outcome for you.

Where will I learn?

You won't have to travel far to our first class venues. Our training venue is conveniently located in the Central Business District at AIA Tower, and is within a 5 minutes walk from the Raffles Place MRT.

Who are we?

As the world's first National Standards body, our expertise in shaping business standards spans more than a century. Our tutors are skilled in transferring knowledge contained within each standard to help you embed excellence within your organization. With over 65,000 clients in 150 countries world-wide, you can trust BSI to help you perform better, reduce risk and grow sustainably.

Why train with us?

We've audited thousands of businesses using the same standards so we can genuinely benchmark performance. And we can take you from beginner to certification quickly then support you with follow-up courses and webinars – and all this for the price of your workshop.

Did you know?

BSI produced the world's first environmental standard, now ISO 14001, back in 1992
