

# ISO 14001:2015

## Internal Auditor

### Two day course

An effective environmental management system (EMS) audit provides a solid framework for meeting customer challenges and realizing benefits such as environmental protection, resource conservation and improved energy efficiency. Optimize your auditing skills in line with the internationally recognized ISO 14001:2015 and boost your internal audit capabilities.

#### How will I benefit?

- Prepare, conduct and follow-up on ISO 14001:2015 audit activities
- Apply the benefits and requirements of an ISO 14001:2015 audit
- Gain the skills to assess an organization's capability to manage its environmental management system
- Offer confidence to customers and suppliers that a product or service meets environmental regulatory requirements
- Write factual audit reports and suggest corrective actions
- Enhance customer satisfaction through effective audit application and commitment to continual improvement.

#### What will I learn?

This course develops the necessary skills to assess and report on the conformance and implementation of processes based on ISO 14001:2015. You'll learn how to initiate an audit, prepare and conduct audit activities, compile and distribute audit reports and complete follow-up activities.

#### Who should attend?

This course is ideal for anyone involved in the auditing, maintaining or supervising of an ISO 14001:2015 EMS.

“ It made sense to choose a partner who could support our training and certification needs on both a global basis and at a local level. ”

Stuart Coomber, Managing Director, Laminar Medica
