

ISO 14001:2015

Lead Auditor

Five day course

Gain the confidence to effectively audit an environmental management system (EMS) in accordance with internationally recognized best practice techniques. Demonstrate your commitment to a sustainable model by transforming existing auditor skills to ISO 14001:2015. Consolidate your expertise with the latest developments and contribute to the continuous improvement of the business.

How will I benefit?

- Identify the aims and benefits of an ISO 14001:2015 audit
- Interpret ISO 14001:2015 requirements for audit application
- Plan, conduct and follow-up auditing activities that add real value
- Grasp the application of risk-based thinking, leadership and process management
- Access the latest auditor techniques and identify appropriate use
- Build stakeholder confidence by managing processes in line with the latest requirements
- Understand the arrangements for BSI certification.

What will I learn?

Grasp the key principles and practices of effective EMS audits, in line with ISO 14001:2015 and ISO 19011 'Guidelines for auditing management systems'. Using a step-by-step approach, you'll learn the entire audit process from initiation to follow-up. You'll gain the knowledge and skills required to undertake and lead a successful environmental management system audit.

Who should attend?

This course is ideal for anyone wishing to audit an organization's ISO 14001:2015 EMS.

“The commitment and enthusiasm shown by the BSI team to understand our business was commendable.”

Vikas Joshi, Continuous Improvement Manager, Coca-Cola
