

ISO 9001:2015

Implementing Changes

Two day course

Ease your transition to ISO 9001:2015 by identifying the core changes to the new standard. Enhance your knowledge of the amended requirements and learn to develop an action plan that will assist the implementation of changes within your organization.

How will I benefit?

- Use gap analysis tools and templates to evaluate your current system
- Apply the key changes between ISO 9001:2008 and ISO 9001:2015
- Implement the new requirements in Annex SL (Appendix 2) relating to organizational context, leadership, planning and support
- Identify new requirements for documented information
- Develop an action plan that you can apply immediately
- Find out about transition arrangements for BSI certification.

What will I learn?

Combining the 1-day 'ISO 9001:2015 Transition' course with an extra day of implementation activities, you'll identify the amended requirements and how you can implement these changes within your current system. You'll formulate your own action plan to help you implement robust process controls that are specific to your organization.

Who should attend?

This course is ideal for anyone involved in the planning, implementing or supervising of an ISO 9001:2015 transition.

Excellent course, all of my objectives were fulfilled. It completed the gaps in my knowledge for implementing a QMS. ”

Denise Hoarty, Quality Control Manager, Unilever
