

Approval ~ Kitemark Licence KM 75226.

Result

BSI received no questions during the Notification period.

BSI received no responses, positive or negative, during the Notification period.

Comment

This is simple Communications Provider's name change that was fully visible in the public domain.

Broadsystem Ventures Limited (BVL) changed its name to News Optimus Limited.

The TMBS employed by News Optimus Limited is physically and technically the same as that previously employed by BVL.

Summary

BSI concludes that the Approval of the TMBS employed by News Optimus Limited satisfies both the requirements and the spirit of the Metering and Billing Approval Scheme.

News Optimus Limited has met all the Technical and Administrative requirements of that Approval Scheme and was granted Approval.

A Kitemark Licence (number 75226) was issued on 28th April 2005.
