

Device Schedule:

Intended Purpose as per the Instructions for Use: The MitraClip™ G4 System is intended for reconstruction of the insufficient mitral valve through tissue approximation.

Device Name	Model	Type (Codes as per (EU) 2017/2185)	Risk Classification	Basic UDI-DI
MitraClip™ G4 Clip Delivery System	CDS0707-NT	MDN 1101	Class III, Implantable	5415067CLP1001EF
	CDS0707-XT			
	CDS0707-NTW			
	CDS0707-XTW			
MitraClip™ G4 Steerable Guide Catheter	SGC0707	MDN1203	Class III	5415067CLP1002EH

Intended Purpose as per the Instructions for Use:

The MitraClip™ G5 System is intended for reconstruction of the insufficient mitral valve through tissue approximation.

Device Name	Model	Type (Codes as per (EU) 2017/2185)	Risk Classification	Basic UDI-DI
MitraClip™ G5 Delivery System	CDS0802-NT	MDN 1101	Class III, Implantable	5415067CLP1001EF
	CDS0802-XT			
	CDS0802-NTW			
	CDS0802-XTW			
MitraClip™ G5 Steerable Guide Catheter	SGC0802	MDN 1203	Class III	5415067CLP1002EH
