

Bottom line a priority?

Make ISO 9001 from BSI your first choice.

bsi.

...making excellence a habit.™

Why BSI? Because we know a good ISO 9001 when we see one.

We can help give you a competitive advantage because:

1. We have a proven track record, having worked with over 65,000 companies globally, from small and medium sized businesses, to more than 50% of the combined FTSE 100, Fortune 500 and Nikkei organizations.
2. You can trust us to get the standard right and keep it relevant; after all we helped shape ISO 9001 in the first place. BSI works in partnership with industry experts, government bodies, trade associations and consumer groups to gain the widest possible market and industry view to shape standards of excellence for the challenges facing organizations today.
3. You can enjoy the benefits of working with people who have decades of experience helping businesses to understand the benefits of and how to implement ISO 9001 in an array of different sectors, so they understand your challenges.
4. With our unique ROI calculator, you can estimate how much you could save by investing in ISO 9001.
5. We help you make the most of your management system with our unique Excellerator report. The insight it gives you into your business will accelerate the performance of your management system and benchmark you against other organizations' performance in your sector.
6. We talk with, and listen to clients like you every day, asking them what they want and how satisfied they are with our products and services. This way we can make sure we are responding to the needs of our clients as they arise.
7. BSI invests heavily in recruiting and developing the best assessors, who are scored on average 9.2/10 in our Global Client Satisfaction Survey.

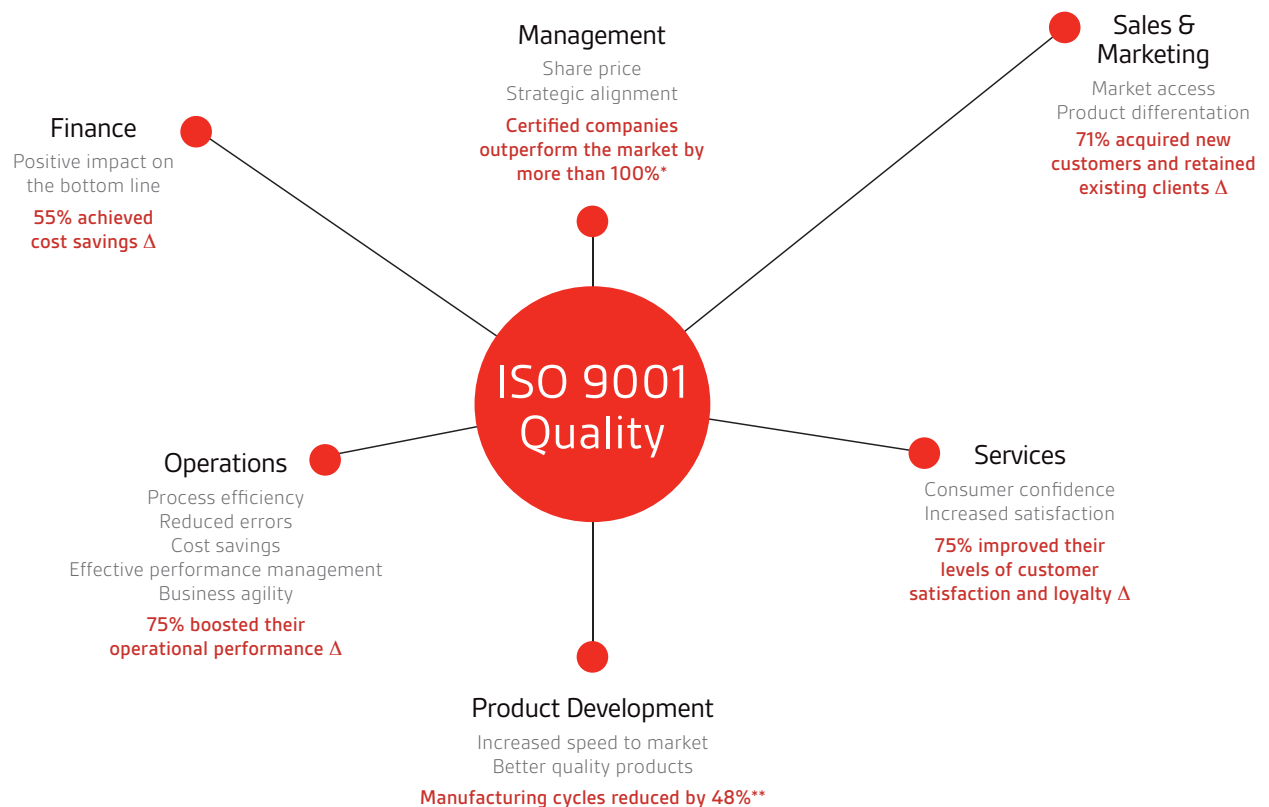

If you're striving for success it's time to consider ISO 9001.

A world-class business growth framework, ISO 9001 is all about keeping customers satisfied. And successful businesses know that satisfied customers buy more, refer more and cost less to retain. So choose ISO 9001 from BSI; after all, our experts helped shape the standard in the first place, and very soon you'll enjoy the benefits of higher profits, more satisfied customers and better ways of working.

Whatever sector you operate in, from manufacturing to services, companies that work with BSI to adopt the principles of quality management have benefited from more efficient ways of working, better cost control and fast and more effective implementation of new working practices.

Quite simply, as the world's most widely recognised quality management standard, ISO 9001 outlines ways to achieve, as well as benchmark, consistent performance and service. By putting in place processes that allow you to improve the way you operate at all levels, you too could be enjoying the benefits many of our clients have reported.

BSI clients that achieved ISO 9001 certification report major benefits:

*2011 BSI review of stock prices over a 10 year period, comparing ISO 9001 certified companies with a benchmark index.

** 2011 ASQ research. Δ BSI Benefit Survey 2011 † BSI Customer Satisfaction Survey 2012.

Whether you're new to ISO 9001 or looking to take your expertise further, we have the right products and services to help you make your business better, customers happier and profits bigger.

Our packages can be customised to your business to jump-start your quality management journey. Our team will work with you to cut through any complexity and unnecessary cost to get you where you want to be – whatever your starting point.

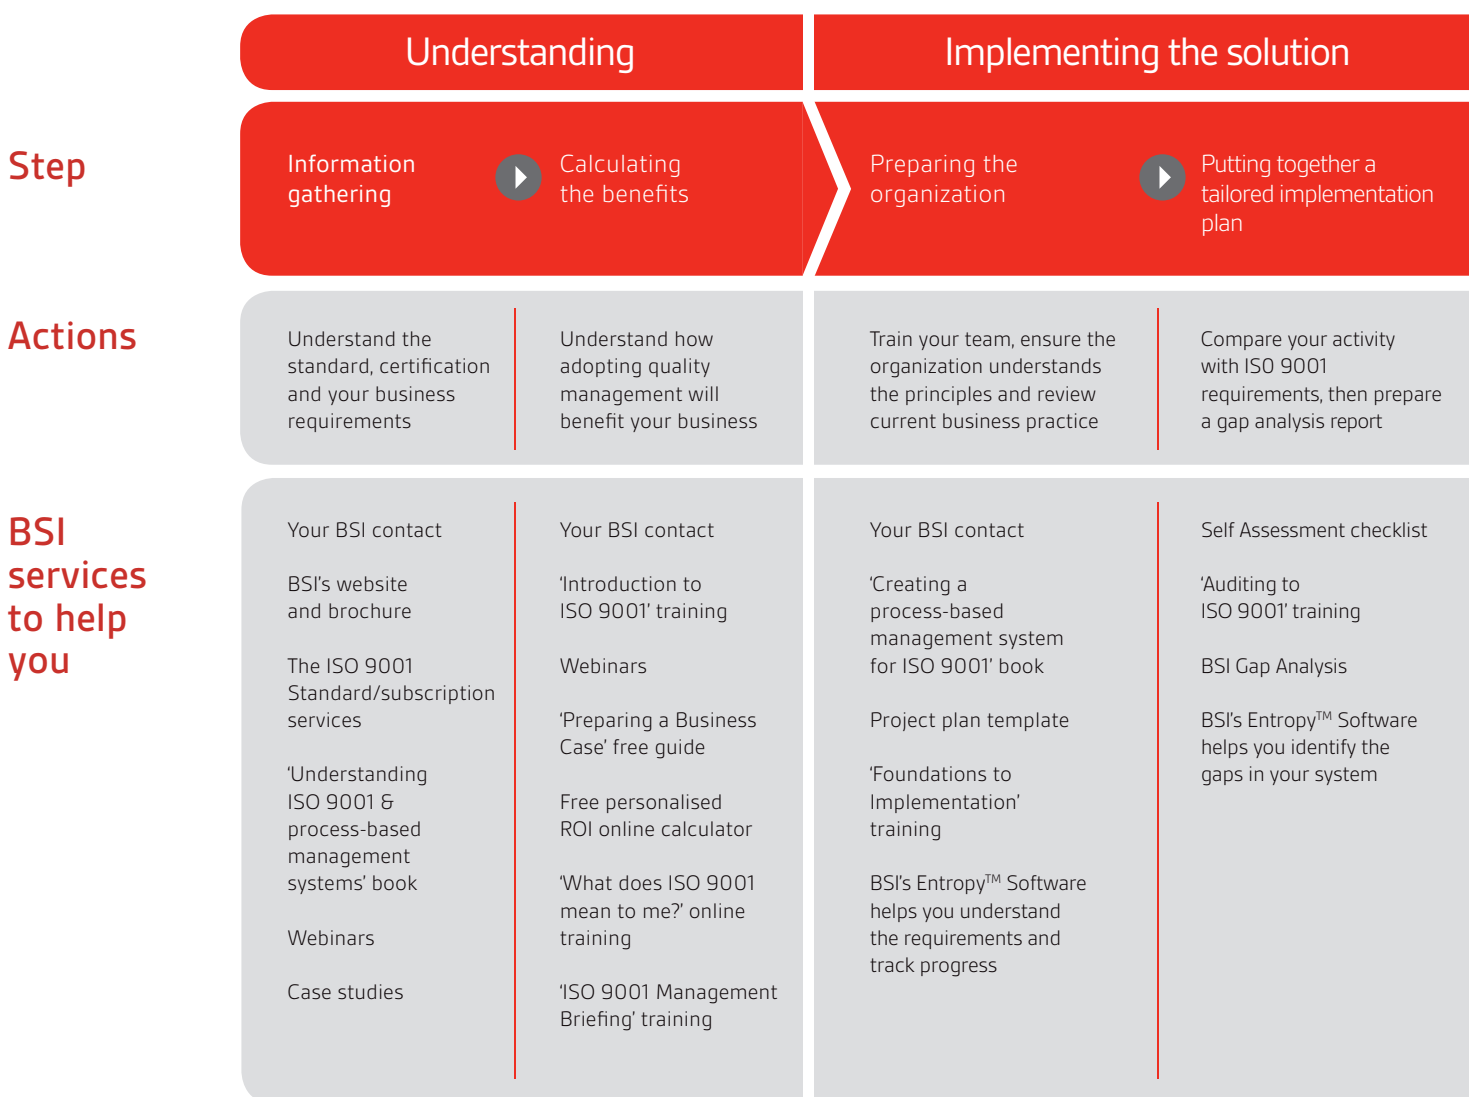

In close partnership with your BSI team we can take you through the process, from understanding the requirements and implementation to securing certification. And from there, we can help make sure your system keeps delivering the best for your business.
