

ISO 9001:2015: Implementing the Changes

One day course

Ease your transition to ISO 9001:2015 by identifying the core changes to the new standard. Enhance your knowledge of the amended requirements and learn to develop an action plan that will assist the implementation of changes within your organization.

What will I learn?

- Changes to the requirements from ISO 9001:2008 and their impact from an implementation perspective
- Identify approaches to implement the amended requirements of ISO 9001:2015
- Apply the requirements of ISO 9001:2015 to assist with the implementation of robust process controls
- Identify the new requirements for documented information
- How to use gap analysis to conduct a baseline review of your current system.

How will I benefit?

- Create an action plan that you can apply immediately
- Implement the changes using good practice guidance
- Find out about transitioning your certification with BSI.

Who should attend?

This course is ideal for anyone involved in the planning, implementing or supervising of an ISO 9001:2015 transition.

“Excellent course, all of my objectives were fulfilled. It completed the gaps in my knowledge for implementing a QMS.”

Denise Hoarty, Quality Control Manager, Unilever
