

# CE Marking Essentials Training Course

## Training Course

### One day course

All companies that sell products on the European market must be able to demonstrate that the products meet applicable EU requirements. CE marking is the manufacturer's declaration to the authorities that the product meets all the requirements placed on it by the relevant Directives. The consequence of not having full control of their CE marking can be costly, especially if there is an incident with the product or if the product fails a market surveillance by the responsible authority.

### What will I learn?

#### Knowledge

- Have knowledge of CE marking and be able to explain it to others
- Understand how to demonstrate compliance
- Know how to make a Declaration of Conformity

#### Skills

- Identify how to complete a technical file
- Understand and identify an opportunity for improvement.

### How will I benefit?

#### This course will help you:

- Gain knowledge of CE marking and be able to explain it to others
- Understand how to demonstrate compliance
- Know how to make a Declaration of Conformity
- Learn how to complete a technical file
- Identify an opportunity for improvement.

### Who should attend?

This course is suitable for those who need an introduction to CE marking, including compliance planning, quality assurance and product design team members who are responsible for product assessment, testing, certification and compliance.
