What our clients say

“Entropy provides Kellogg with a simple management solution that significantly reduces the cost and effort needed to proactively manage risk, improve performance and help its business continue to grow.”

Kellogg, US

“...The workflow aspect of the solution is particularly useful to small organizations. Being able to push things around the organization automatically, with reminders and escalation chains, is going to be a great help.”

HCPC, UK

“For me, Entropy Software is the best system available. I've across other products but I've not found anything better.”

ATPI, UK

“Over the past 12 years using Entropy Software we have saved 50%-70% of the time with regards to manual workloads if Entropy were not in place.”

Wrigley, US

“Entropy is steadily becoming more embedded in the company, being more widely used by more people, making their lives easier, freeing up their valuable time and making the company more efficient.”
