8th December 2015
Saint George Hotel,
Pretoria- South Africa

Event Overview

With the recent publication of the ISO 9001 and ISO 14001, the world's most used management system standards, we know that there are going to be a lot of questions. To help you understand more about these changes and to ensure that your ISO 9001 & ISO 14001 continues to serve the business community and maintain its relevance in today's marketplace, BSI is welcoming you to attend the Launch of ISO 9001 & 14001 : 2015 Version Event.

This event will provide you with the information you need to help you identify and adopt the new changes. Understand how the new versions may impact your existing management systems and learn what you need to do in order to prepare for the new standards.

The event will help you:

- **Learn** the key changes to both ISO 9001 and ISO 14001
- **Understand** the ten clauses of the new ISO Management System Annex SL
- **Discover** how these changes may affect the audit process
- **Explore** the best practices that can help facilitate a smooth standard upgrade
- **Find out** how the new global push for a Risk-based approach to business will affect your organization
- **Identify** the benefits of increased focus on Leadership

Who should attend:
