Welcome to the BSI Training Academy

BSI is an industry thought leader in training to international compliance standards. Our training experts provide top quality training to organizations of all sizes and sectors.

We're one of the world's leading providers of business improvement training, offering a range of solutions to keep your staff qualified and updated. In 2016, we trained 105,000 people globally and achieved a satisfaction rate of 99.5%.

We help organizations make excellence a habit – all over the world. That's our business, enabling others to perform better. For more than a century our experts have been challenging mediocrity and complacency to help embed excellence into the way people and products work... to perform better, manage risk and achieve sustainable growth.

From understanding how a standard can help your business, to implementing, monitoring and auditing your compliance to that standard, we can support you all the way.

Our client promise

At the BSI Training Academy, we will make sure you have an excellent learning experience that includes:

- An on-going relationship to ensure we understand and meet your continuing training needs
- A clear learning journey to embed the skills you need to develop and add value to your organization
- A best-in-class pre-course experience, including timely delivery of information so you arrive at your training fully prepared and ready to learn
- A state-of-the-art training experience using accelerated learning techniques with our expert tutors in convenient, enjoyable venues
- A recognized qualification to acknowledge your new expertise
- Opportunities to network with peers on the course and learn through shared experiences

Organizational Resilience

Organizational Resilience is the ability of an organization to anticipate, prepare for, respond and adapt to incremental change and sudden disruptions in order to survive and prosper.

Three essential elements of Organizational Resilience

BSI's model for Organizational Resilience can be segmented into three fundamental elements: product, process and people.

We work with organization around the globe to help them become more resilient by embedding habits of excellence in each of three elements

People:

An organization's people, culture and values determine business success. This includes how the company interacts with the environment, civil society and stakeholders on ethical and social responsibility issues.

Process:

Consistent, reliable, and robust processes are crucial for an organization to remain resilient. Business critical processes in areas such as, quality, health and safety, environmental management, business continuity management, and information security must be robust and compliant both within the organization and throughout its supply chain.

Product:

Organizations must understand how their products or services meets the needs of customers or clients and conform to regulatory requirements. A forward looking approach is required; truly resilient businesses innovate by creating new products and markets to stay ahead of competitors.

Operational Resilience

Delivers improvements across your products/ services and processes to meet the evolving needs of your customers as well as improving how you govern your business and value your people.

Information Resilience

Enhances your information security and protects your critical infrastructure from cyber security threats and information risks, so your stakeholders can trust that their sensitive data is secure.

Supply Chain Resilience

Protects your customers, your reputation, and your bottom line by ensuring you're using suppliers you can trust to help deliver safe products to market.

Why train with BSI

Great businesses need great people

Research shows that when an organization invests in training and development, they reap real rewards:

BSI Training Academy

Why Train with BSI

Because we've helped shape and develop many of the world's leading standards, our expert knowledge means a lot, and when you train with us you benefit from this expertise. We take the time to understand your company's learning needs to develop tailored training solutions that satisfy your business objectives.

Our Approach – Accelerated Learning

Our Accelerated Learning Approach is proven to fast-track learning and improve knowledge retention. Accelerated learning focuses on creating knowledge rather than consuming it.

Our Tutors

Our tutors are recognized as leaders in their field, offering a world-class learning experience. They are trained to understand and meet your different learning needs, and they have years of industry experience.

IRCA Certified Courses

IRCA is an auditor training certification body. Over 50,000 students choose to complete IRCA certified training courses every year in more than 100 countries. IRCA approved courses are indicated by the IRCA logo.

The BSI Certificate

Worldwide recognized certificates. A mark of expertise, quality and integrity.

Types of Training

BSI offers training in many different formats. Choose the medium that best suits your needs.

In-Company Training

An on-site training course is one held at your facility and is open only to your employees. Training students on-site eliminates travel expenses and additional time away from the office.

Public Training

A public training course takes place in a pre-determined, designated location and is available to anyone who registers. This type of training is a convenient, low-cost way to send a small number of employees to learn. Attendees are away from office distractions and benefit from interacting and networking with people from other organizations.

Distance Learning

Allows you to study at your own pace and whenever is convenient to you. It's cost effective and puts you in control of your learning.

Recommended path for training

1

Understand

Requirements courses:

Who should attend?

Ideal for new starter or those needing to gain a "refresher"

What will I learn?

An overview of your management system and the standard's requirements

2

Implement

Implementation courses:

Who should attend?

Those responsible for implementing or have recently taken responsibility for a management team

What will I learn?

The requirements of a standard in the context of your company and how to take the lead in planning implementation

3

Prove it's working

Internal Auditor courses:

Who should attend?

Those tasked with conducting internal audits or monitoring their management systems performance

What will I learn?

How to be better equipped to maintain compliance and how to manage and improve risks to your management team

Lead Auditor courses:

Who should attend?

Those tasked with conducting and leading management system audits

What will I learn?

Gain the ability and confidence to conduct and lead effective audits, and how to manage audit teams and processes

4

Make excellence a habit

Certification:

Assess your readiness for certification with a gap analysis day

Maximize your certification with business improvement training and software tools

All our courses are available in-company
Call **+971 4 336 4917**

In-Company Training

Why choose In-Company training?

Our courses can be delivered at premises of your choice. We can tailor it to your organization with few exceptions, spending time focused on your objectives. This ensures that your people learn best practices suited to your own organization, in the setting where they will be using them. Our on-site courses are led by expert tutors who are skilled in both their subject matter and in the most effective ways for delegates to learn.

Programs are priced by the day rather than by the delegate, enabling you to make savings for groups, and you can save on the travel and accommodation expenses, too.

Choose In-Company training if:

- you want to train a group of people
- you want the training tailored to your organization and needs
- you want to reduce the level of risk to proprietary and confidential information
- you want to save money on travel and accommodation

In-Company training

Choose this course delivery and adapt it to match your needs or even create something completely customized to you. Whatever you want – you decide. Talk to us about on-site training today.

Request a quote by visiting our website bsigroup.ae/incompany or call us on **+971 4 336 4917**

Customer reviews...

"The course content was well organized and will provide a very good reference for the trainees to use in creating documents and preparing for the certification audit."

"It was very comfortable to have the training in-house."

"This class was great - very thorough - instructor was very knowledgeable with all the current changes to all the standards and more importantly patient."

"This was one of the most engaging and interesting classes I have attended. I think the simulation part was great - it produced the most meaningful interaction with a small group dynamic."

"This class worked well for me because no travel was involved."

"Best content for any course I've ever participated in."

BSI Certified Auditor/Lead Auditor

BSI Certified Auditor/Lead Auditor

The new BSI Certified Auditor/Lead Auditor qualification gives your employer or client complete confidence in you. It lets them know your auditing skills are not just solely based on your experience. They'll be reassured you are regularly evaluated by our leading independent auditing experts.

Step One: Take internal or lead auditor Training

You'll need to complete, or have already completed, internal auditor or lead auditor training. You will then begin to put your training into practice by undertaking management system audits

Step Two: Audit Packs

Send three completed audit packs which our tutors will check and review, looking for evidence of audit planning and effective reporting.

Step Three: Qualifying Review

The final stage is a half day qualifying review where one of our experienced tutors will carefully observe and evaluate your conduct of a live audit.

Benefits to you include:

- CV enhancer
- Detailed feedback on your audits
- Career development
- A professional qualification
- Membership card and use of logo

Continuation

To keep your Certified Auditor qualification, you will need to continue to demonstrate your auditing skills by providing us with three audit packs on an annual basis, and after three years conduct another qualifying review.

Distance Learning

Our distance learning courses give you the option to train for globally recognized qualifications without disrupting your work. Our tutors will support you throughout and make sure you excel in your chosen field.

BSI Diploma in Quality Management Systems

Ideal for those involved at a strategic or operational level in implementing a quality management system, this distance learning based qualification comprises of eleven modules of study, covering ISO 9001, the application of quality management principles and the process of system implementation.

USD 2,985 Excluding Local Taxes

BSI Certificate in Environmental Management Systems

Consisting of six modules of study this distance learning qualification follows the guidelines defined in BS 8555 – a phased approach to Environmental Management System implementation. The course also covers the understanding and application of ISO 14001.

USD 2,985 Excluding Local Taxes

BSI Certificate in Occupational Health and Safety Management Systems

This distance learning qualification consists of eight modules of study. It provides an understanding of the structure, requirements and tools needed to implement an occupational health and safety management system.

Integrated Management

PAS 99:2012

PAS 99 is the world's first specification for integrated management systems. Many of our customers asked for one framework to manage all of their certified systems. So we developed PAS 99 using the ISO guide for writing management system standards – giving you a world-class framework to work with. Integrated Management Certification shows the world that you're meeting all your responsibilities, as well as giving confidence to potential customers, suppliers, investors and stakeholders. It can save you money and make a real difference to your business' bottom line.

PAS 99:2012 Implementation

Discover the benefits of streamlining and simplifying all your standard frameworks with PAS 99 to achieve greater transparency across your business.

Terms & conditions

Payment:

Payment for public course offerings is due upon registration. You may pay by cheque or online payment (payable to BSI Management Systems) or bank transfer as per our invoice details. Course registration is not completed until payment has been received. Prices listed in this catalogue are subject to change at any time.

Travel Arrangements:

Lodging and travel costs are not included in the course fee. The individual attending the course must make their own travel arrangements. A block of rooms will be held if possible at a special rate under "BSI Management Systems" but only up to one month prior to a course date. After that date, the hotel may charge a higher rate consistent with their prevailing rate schedule. It is therefore important to book hotel rooms immediately as rooms may sell out quickly.

Course Confirmation:

- A confirmation letter of your registration on the course will only be sent to you when payment/LPO has been received by BSI.
- All courses are conducted in English unless otherwise Specified.
- Hard copies of course study materials shall only be sent upon advance request prior to the course after receiving the payment in BSI bank account.
- On receipt of the signed booking form, an invoice will be sent to you for immediate payment by Cheque, Bank transfer, or issue of Signed and Sealed LPO from your company. Please specify mode of payment.

Cancellation/Transfer Policy:

You may transfer to another training course up to 25 working days before the original course date. If you do, BSI will not make a refund for a cancellation of the original course and reserves the right to charge you for any increased costs. In order for BSI to manage its course diaries, you may transfer each of your courses once only. All cancellation must be in writing. If you (or your candidate) do not attend a training course, or you wish to cancel within 25 working days prior to the start of such course, then the full payment for the course is payable. BSI reserves the right to charge any costs up to the date of cancellation. BSI will not refund course fees if you cancel distance learning, blended learning or e-learning courses, no matter when cancellation is made. In the unlikely event and for unforeseen reasons, BSI has the right to change the training content, tutors, dates and training venue which will be informed to the delegates.

**Please note: Course dates and prices are subject to change.
Call us or check our website for the latest information.**
