

ISO 14001:2015

Transition

One day course

Learn what you need to know about transitioning to the new ISO 14001:2015 Environmental Management Systems standard. Discover the latest changes and how these will affect your organization so you can start putting transition arrangements in place.

What will I learn?

- Annex SL Appendix 2 and the framework for the new ISO high level structure
- New requirements relating to Context, Leadership, Planning, Support and Operation
- Revised terms and definitions applicable to ISO 14001:2015
- Key concepts such as process approach and lifecycle perspective
- Changes to the requirements from ISO 14001:2004.

How will I benefit?

- Understand the key changes between ISO 14001:2004 and ISO 14001:2015
- Identify what needs to be revised in your current EMS
- Find out about transitioning your certification with BSI.

Who should attend?

This course is ideal for anyone involved in the planning, implementing or supervising of an ISO 14001:2015 transition, including ISO 14001:2004 auditors who need to convert to the new standard.

“The trainers ensure that by the end of it, you know the subject matter backwards. By using lots of case studies and scenarios, you understand what it means in practice, not just dry theory.”

Denise Graham, Technical Manager, Tata Global Beverages
