Why train with us?

Great businesses need great people

Research shows that when an organization invests in training and development, they reap real rewards:

We've shaped the **world's most adopted standards** including ISO 9001, ISO 14001 and BS OHSAS 18001

Businesses are **2.5 x more likely to fail** if they don't train their staff*

94% of our delegates score our tutors 9 or 10 out of 10

83% of people feel that staff are the key to maintaining a competitive edge*

55% of FTSE 100 companies are BSI clients

BSI spend **165,000 days** with clients in a year, so we know what businesses want and understand their needs

In 2014 we trained **105,000** people, from SMEs to global organizations

45% percent of staff say they'd feel more motivated if their organization invested in **skills training***

Our tutors have **250 years** experience working with management systems between them

...making excellence a habit.™

What is CLIP?

CLIP (Certified Lead Implementer Professional) is a personal certification programme focusing on providing in-depth implementation knowledge on various management systems. In this program we will help you develop your skills and understanding of the practicalities involved when setting up a typical management system framework that conforms with the standard. This includes learning how to set up policies, processes and procedures for your respective management system.

Additionally, BSI will also focus on developing your project management ability to lead a team with the implementing of various management system in your business. This can be crucial if your management system will need to scale throughout your organization.

1 Who should become Certified Lead Implementer Professional for Information Security?

- Those who will be involved in advising management on the introduction, implementation & maintenance of ISO/IEC 27001:2013 management system into an organization.
- Information Security Managers
- IT and Corporate Security Managers
- Corporate Governance Managers
- Risk and Compliance Managers
- Information Security Consultants

2 What will you learn?

In this five day course, our experienced tutors teach you everything you need to know to be able to set up an ISMS that conforms to ISO/IEC 27001:2013 in an organization.

Upon completion of this training, you will be able to understand:

- What is Information Security Management System
- Why ISMS is important to an organization
- What are the benefits of ISMS
- What is the background of ISMS
- What are the key concepts and principles in ISO/IEC 27001:2013
- What terms and definitions are used in the standard
- What are the main requirements of ISO/IEC 27001:2013
- How to identify a typical framework to implement and ISMS compliant with ISO/IEC 27001:2013 following the Plan, Do, Check, Act (PDCA) cycle
- How to conduct a base line review of the organization's current position with regard to ISO/IEC 27001:2013
- How to interpret the requirements of ISO/IEC 27001:2013 from an implementation perspective in the context of their organization
- How to implement key elements of ISO/IEC 27001:2013
- What are the concepts of leadership and managing organizational change
- Understanding project management, skill sharing, support and motivation during the implementation of an ISMS

3 How will your organization benefit?

- Certified Lead Implementer Professional will be able to lead a team for implementation ISMS in an organization that conforms to the ISO standards
- Certified Lead Implementer Professional will be able to scale the implementation of ISMS throughout the organization
- Certified Lead Implementer Professional will be able to play a pivotal role in ensuring your organization can set up a information security management system.
- Successful implementation will improve the protection of your organization's private data to meet your market assurance and corporate governance needs

4 What will include in program?

- Refreshments & Lunch
- Delegate Course Material, Pen & Notepad
- Relevant Case Studies
- CLIP Certificate of attending/passing the examination
- CLIP Directory of trained professional will be maintained on BSI's website

An examination is held on the final day and successful delegates will be awarded with **CLIP Professional** certificate.
