

ISO 31000 Risk Management Awareness & Implementation

What is it?

All organizations face uncertainty in meeting their objectives. As a proven methodology, risk management is a systematic framework and process for maximizing those areas where outcomes can be controlled while minimizing those that cannot be predicted and over which control cannot be exercised. BSI's 2-days course on Awareness & Implementing Risk Management will provide the foundation you need to start managing your organization's risks effectively. After completion of this course, you will be able to describe the fundamentals, key principles and implementation of risk management to your organization.

BSI's Risk Management course uses lectures, discussions and hands-on exercises to effectively achieve learning objectives.

Who should attend?

- * People who implement or maintain management systems will gain maximum benefit from this training.
- * Any one in middle to senior management may benefit from understanding how risk can be used as a management tool and how it affect their organization.

What are the benefits?

- * Increased business resiliency
- * Flexibility of response to change
- * Understanding and management of risk

What will I learn?

- * Describe the fundamentals of risk management
- * Explain the fundamentals of a risk management system
- * Describe the relevance and context of ISO 31000
- * Outline the structure and purpose of ISO 31000
- * Elaborate on the key principles of ISO 31000
- * Identify key aspects and interrelationships of a risk management framework with the organization's management system
- * Describe the risk management process
- * Outline a process for implementation of a risk management framework

How will I learn?

Quickly. We use accelerated learning techniques that encourage interaction and collaboration, keep the course varied and put your learning in context. Your tutors are the best in their field and will make sure your learning needs are met. You can choose between public or in-company courses tailored to your business – whatever delivers the most positive and successful outcome for you.

Where will I learn?

You won't have to travel far to our first class venues. Our training venue is conveniently located in the Central Business District at AIA Tower, and is within a 5 minutes walk from the Raffles Place MRT.

Who are we?

As the world's first National Standards body, our expertise in shaping business standards spans more than a century. Our tutors are skilled in transferring knowledge contained within each standard to help you embed excellence within your organization. With over 65,000 clients in 150 countries world-wide, you can trust BSI to help you perform better, reduce risk and grow sustainably.

Why train with us?

We've trained and audited thousands of businesses using the same standards so we can genuinely benchmark performance. And we can take you from beginner to certification quickly then support you with follow-up courses and webinars – and all this for the price of your course.

What our customers say

"An excellent and well-delivered day providing a lot of information and strategic overview."

"A heavy subject made less heavy, reinforcing my awareness of ISO 310001 and fulfilling my needs."

"Good interaction and engagement by the tutor. I was very satisfied with the level and pace of delivery."
