

Introduction to BS OHSAS 18001 Occupational Health and Safety Management Systems

What is it?

A BS OHSAS 18001 Occupational Health and Safety Management System can pave the way for optimum working conditions across your organization. And with a robust health and safety framework in place you can manage and meet all your health and safety needs. Get started today with our introductory course.

Why do I need it?

BS OHSAS 18001 is designed for organizations of all sizes and sectors and this course will show you how to introduce excellent health and safety management to your business. You will work with our trainers to find out what BS OHSAS 18001 means and how you can apply it to your organization. You'll also get an overview of the benefits that a health and safety management system can bring and understand the steps you need to take to introduce them to your business.

How will I benefit?

With BS OHSAS 18001 you can boost customer, staff, stakeholder, and supplier confidence in the way you manage health and safety across your organization. **Once you have a robust health and safety framework in place you can reduce or avoid workplace accidents and illness that cost both time and money.** And better working conditions will lead to better performance.

What will I learn?

This one-day course is the best place to start your BS OHSAS 18001 journey. Our health and safety experts walk you through the standard, explaining the principles of health and safety management, as well as the scope of the BS OHSAS 18001 series. You will identify gaps between your current system and a certified management system – helping you define the actions you need to take to make BS OHSAS 18001 work effectively in your organization.

How will I learn?

We use accelerated learning techniques that encourage interaction and collaboration, keep the course varied and put your learning in context. Our tutors are the best in their field and will make sure your learning needs are met. Choose between public or in-company courses tailored to your business – whatever delivers the most positive and successful outcome for you.

Where will I learn?

You won't have to travel far to our first class venues. Our training venue is conveniently located in the Central Business District at AIA Tower, and is within a 5 minutes walk from the Raffles Place MRT.

Who are we?

As the world's first National Standards body, our expertise in shaping business standards spans more than a century. Our tutors are skilled in transferring knowledge contained within each standard to help you embed excellence within your organization. With over 65,000 clients in 150 countries world-wide, you can trust BSI to help you perform better, reduce risk and grow sustainably.

Why train with us?

We've trained and audited thousands of businesses using the same standards so we can genuinely benchmark performance. And we can take you from beginner to certification quickly then support you with follow-up courses and webinars – and all this for the price of your course.

Did you know?

"26.4 million working days were lost due to work-related illness and workplace injury."
