

# ISO 14001:2015

## Lead Implementer

### Five days course

With an Environmental Management System in place you can show your customers how you're identifying, preventing and reducing environmental risks. And you'll be doing all that you can to achieve sustainable development, like saving energy and making what you do more efficient. We offer a range of ISO 4001 Environmental Management training courses to suit everyone from new starters to auditors.

#### What will I learn?

- The history and development of ISO 14001 and what is a Environmental Management System (EMS)
- Key concepts, principles and structure
- Identify the benefits specific to an organization in relation to implementing an effective EMS
- Conduct a baseline review of an organization's current position with regard to ISO 14001:2015

#### How will I benefit?

- Gain an in-depth knowledge of the requirements of 14001
- Develop the confidence to apply this knowledge
- Be able to perform a detailed gap analysis and project plan
- Be able to prove your knowledge via completion of the courses exam
- know what each clause requires for effective implementation

#### Who should attend?

Those who are responsible for the management and implementation of a ISO 14001:2015 management system

“ There has been a new level of creative thinking, a greater sense of shared responsibility and a closer, more open relationship with our suppliers and customers. ” **Richard Hill, Managing Director, ACO**

# Why make BSI your first choice for ISO 9001 training

## Our tutors

When it comes to teaching how to make standards work, our tutors are the best in the business. As experienced assessors with years of hands-on business and industry experience, they understand the challenges you're most likely to face. They are passionate about standards and have a proven ability to facilitate great learning.

## Our expertise

As the world's first National Standards Body and founding member of ISO, no one knows standards like BSI. And when you train with us you benefit from this experience. You can trust us to say we know what we're talking about and you'll benefit from a premium learning experience. When it comes to standards even our competitors choose us.

## Our approach Accelerated Learning

We really understand how training works and that everyone learns and retains knowledge differently. Based on the latest research, our accelerated learning approach is proven to fast-track learning, improve knowledge retention and ensures you can apply your knowledge straight away. We constantly evaluate our results based on your satisfaction and success rate, to provide the best training experience in the industry.

## Our solution

We provide a proven pathway to success, wherever you are in your training journey. So whether you want to build your knowledge, learn how to implement or how to audit and improve your management system, we have the right solution for you. You'll also learn right beside your peers; we'll discuss real-world challenges and share best practice based on over 100 years' experience.
