**bsi.**

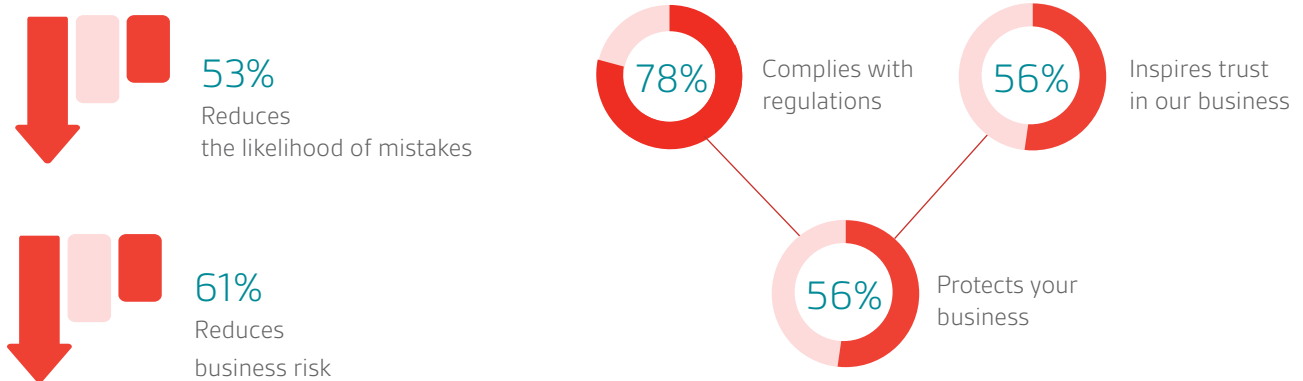

...making excellence a habit.™

## BS OHSAS 18001 – Protecting your people and your reputation

BS OHSAS 18001 is the management system standard for Occupational Health & Safety (OH&S), that's aligned to internationally recognized best practice. It helps to reduce risk, increase workplace safety, and meet legal and regulatory requirements. We've developed a suite of training courses for BS OHSAS 18001 to help you create a safer workplace and continually improve your OH&S management.

### How BSI clients benefit from BS OHSAS 18001\*

\* Source: BSI Benefits Survey – BSI Clients were asked which benefits they obtained from BS OHSAS 180

**“Training was good. We are looking forward to more training with BSI. The trainer is an excellent tutor with real life experience, demonstration of quality knowledge of the subject matter.”**

Perseus Mining, Ghana

This flyer showcases our suite of BS OHSAS 18001 training courses so you can select the course that best meets your needs. Our courses are informative, enjoyable, and interactive. Developed with you in mind, they are delivered by our expert tutors whose knowledge is second-to-none.

We make sure you gain the knowledge and skills to be confident and competent when you work with BS OHSAS 18001 back in your organization.

# Why make BSI your first choice for BS OHSAS 18001 training

## Our tutors

When it comes to teaching how to make standards work, our tutors are the best in the business. As experienced assessors with years of hands-on business and industry experience, they understand the challenges you're most likely to face. They are passionate about standards and have a proven ability to facilitate great learning.

## Our expertise

As the world's first National Standards Body and a founding member of ISO, no one knows standards like BSI. And when you train with us you benefit from this experience. You can trust us to say we know what we're talking about and you'll benefit from a premium learning experience. When it comes to standards even our competitors choose us.

## Our approach Accelerated Learning

We really understand how training works and that everyone learns and retains knowledge differently. Based on the latest research, our accelerated learning approach is proven to fast-track learning, improve knowledge retention and ensure you can apply your knowledge straight away. We constantly evaluate our results based on your satisfaction and success rate, to provide the best training experience in the industry.

## Our solution

We provide a proven pathway to success, wherever you are in your training journey. So whether you want to build your knowledge, learn how to implement or how to audit and improve your management system, we have the right solution for you. You'll also learn right beside your peers; we'll discuss real-world challenges and share best practice based on over 100 years' experience.

## Why invest in training from BSI?

When you attend a BSI training course, our tutors are the best in the business. They're truly passionate about sharing their knowledge and ensuring you learn. Trusted experts with years of hands-on and business experience,

they bring the subject matter to life with relevant and contemporary examples that means you can focus on learning.

### Public Training Courses are available
