

The Power of eLearning with BSI

eLearning has become popular in today's connected world and is increasingly being used by individuals and organizations due to its convenience and cost effectiveness.

BSI on-demand courses are developed by top subject matter experts. They contain the same high-quality content you will find in our tutor-led training but with the added benefit of being able to learn at your own pace, at any time and place.

25% to 60%

On-demand **increases knowledge retention** rates by 25-60%
(Research institute of America)

5x

With on-demand, participants learn nearly **5 times more** material without increasing time spent in training
(IBM)

Advantages of on-demand eLearning

Flexible and convenient

Perfect for today's working patterns, learn when and where you want with 24/7 access

Self-paced

Progress rapidly or take your time to reflect on key areas, allowing you to optimize your learning

Increased information retention

Refresh and reinforce your knowledge by repeating modules or the full course during your access period

Quality content available instantly

Content is both detailed and engaging, with explanations, activities, and knowledge checks to enhance your learning

Career development

Accelerate your career goals, learning new skills that you can immediately put into practice

Cost effective

Provide standardized high-quality training for large numbers of employees

A greener way to learn

Support your sustainability goals: reduced emissions with no travel; minimal paper wastage; and a diminished drain on natural resources and energy

Learn from the experts
