University attending

University department

University course

CV

Please copy and paste as a PDF file your CV.

BSI research themes

Please indicate under which BSI research theme you'd like to your application to be considered.

Manufacturing

Build environment

Sustainability

Healthcare

Organizational performance

Other

Please state _____

Research project

Research question

Please state your central research question and give background on the subject, as well as relating it contextually to any broader issues surrounding it.

Aims and objectives

Please state the aims and objectives of your research. We're keen to learn what your research hopes to achieve, and what outcomes you predict.

Methodology

Please state what sources you aim to use for your research, and what sort of data you will collect from it- either quantitative or qualitative. How you will analyse the data you gather and what if any bias there may be in your chosen methods? Why your chosen approaches to gathering data are more appropriate to your research than others?

Literature review

Please provide details of research carried out previously to which you will refer and how your research connects with previous studies. Describe how your methods may differ or be building upon those used by other researchers.

Constraints of your research

Please state any issues or complexity that may place constraints on your research.

Supervision

Terms and Conditions

Click the box to agree to BSI's terms and conditions

[Read our terms and conditions:](#)

When you have submitted your application

1. BSI will respond to applications within 10 working days.
2. BSI may seek clarification about any aspect of applications before final approval
3. Applicants may be invited for interview before approval granted.

When your support has been approved

4. Successful applicants will be invited for a kick-off meeting at its London office to discuss the project and support available
5. Applicants and BSI will agree a timetable of support before the project commences
6. Supported students may be asked to present their findings to BSI employees or standards committees
7. Supported students will contribute to the development of materials to promote their research output

General

8. BSI mentoring support is provided in addition to and not a replacement for academic supervision from a university tutor
9. BSI reserves the right to withdraw its support at any time if it does not consider the research practice undertaken or the research output produced to be of sufficient quality
10. Supported students are not entitled to any financial assistance from BSI.
