

Preparing for ISO 50001:2018

Six steps for a successful transition

Don't delay – start today

BSI has identified a step-by-step journey to help you understand and realize the benefits of the revised ISO 50001. We have mapped out a framework which guides you through the options and support available from BSI to ensure you have the knowledge and information you require. While some of the steps will have to wait for the official publication of the new standard, you can get a head start.

- 1 Talk to your BSI Client Manager**
 - Discuss your challenges and timelines
 - Review the latest content on the BSI website for background information
- 2 Attend BSI's Training Academy**
 - Delivered by experts, understand the new requirements faster and in greater detail by attending one of our training courses
- 3 Communicate with your organization**
 - Talk to your leadership team about the new requirements
 - Communicate the revision to your wider organization to gain buy in
 - Send regular updates on progress
- 4 Set up an internal project team**
 - Create an implementation plan and monitor progress
 - Take a fresh look at your EnMS
 - Implement the new requirements on leadership, risk and context of the organization
 - Adapt your documentation to reflect the new structure
- 5 Gap Assessment**
 - To help you prepare for ISO 50001 we can use our experts to complete a gap analysis to identify your strengths and weaknesses. This will then help you prepare for Step 6
- 6 Migration Assessment**
 - Working with your BSI client manager you can complete your transition to the new standard before the deadline in July/August 2021
