In association with...

Why make BSI your first choice for NCEMA 7000 training

Our tutors

When it comes to teaching how to make standards work, our tutors are the best in the business. As experienced assessors with years of hands-on business and industry experience, they understand the challenges you're most likely to face. They are passionate about standards and have a proven ability to facilitate great learning.

Our expertise

As the world's first National Standards Body and a founding member of ISO, no one knows standards like BSI. And when you train with us you benefit from this experience. You can trust us to say we know what we're talking about and you'll benefit from a premium learning experience. When it comes to standards even our competitors choose us.

Our approach Accelerated Learning

We really understand how training works and that everyone learns and retains knowledge differently. Based on the latest research, our accelerated learning approach is proven to fast-track learning, improve knowledge retention and ensure you can apply your knowledge straight away. We constantly evaluate our results based on your satisfaction and success rate, to provide the best training experience in the industry.

Our solution

We provide a proven pathway to success, wherever you are in your training journey. So whether you want to build your knowledge, learn how to implement or how to audit and improve your management system, we have the right solution for you. You'll also learn right beside your peers; we'll discuss real-world challenges and share best practice based on over 100 years' experience.

Why invest in training from BSI?

When you attend a BSI training course, our tutors are the best in the business. They're truly passionate about sharing their knowledge and ensuring you learn. Trusted experts with years of hands-on and business experience,

they bring the subject matter to life with relevant and contemporary examples that means you can focus on learning.

Public Training Courses are available

NCEMA 7000:2015

Awareness to Business Continuity Management

(AE / SCNS / NCEMA 7000: 2015)

Course description:

This course provides a fundamental understanding of why organizations (public or private) need Business Continuity Management (BCM). The course will take into account the importance of BCM and how BCM can assist in ensuring the welfare and stability of the nation at all times. It also encompasses the relationship between BCM and Emergency Response/Crisis Management. This course is designed for those in the organization leadership team to build their capability and provide them insight to BCM. All the participants will have a clear understanding of the different stages of the NCEMA BCM action model, and will also be able to understand the steps, roles and responsibilities, skills and expertise required to implement an effective BCM Program.

Training methodologies comprise of instructor-led power point slides, videos, as well as short individual/group exercises. The participants will benefit immensely from the concept of "group learning and sharing" of experiences and some tips about the "best practices" and how "others have done it".

This course prepares you to understand and apply the concepts of UAE BCM Standard to safeguard your interests, and the interest of your organization as well as the community at large.

Learning objective

- Understand the concepts of BCM and why it is beneficial for organizations/ its employees
- Highlight the NCEMA BCM action model and key BCM concepts
- Comprehend the BCM roadmap, methods and techniques to be used for effective BCM implementation
- Advanced understanding of the NCEMA BCM Standard (AE/ SCNS/NCEMA 7000:2015) and other relevant BCM regulations and guidelines
- Discover how BCM supports the needs of interested parties of the organization, including directors, top management, regulators and the general public
- Understand the next steps and responsibilities of the leadership team to put in place an effective and efficient BCM Program

Who should attend?

- Senior Management and others wanting to ensure effective BCM implementation
- BCM team members
- Those who are new to the BCM concept and would like to get an understanding and introduction to BCM
- All Business units, HR, IT, Health and Safety, Security and also Crisis Management/Emergency Response team members
- Project Managers and others who need to manage BCM implementation projects
- Auditors and others responsible for confirming BCM effectiveness in an organization

NCEMA 7000:2015

BCM Lead Auditor Training

under the UAE Standard

(AE / SCNS / NCEMA 7000: 2015)

Course description:

This training course is designed to provide thorough training in auditing Business Continuity Management (BCM). It covers the auditing principles in general (based on ISO 19011:2011) and is based around NCEMA 7000:2015. This course will provide participants with the capability of auditing a BCM Program as per the NCEMA 7000 requirements. It will help them comprehend the steps, roles and responsibilities, skills and expertise required to audit a BCM Program, which has been implemented to safeguard the interests of the organization as well as the community at large.

Training methodologies consist of instructor-led power point slides, as well as individual/group exercises based on a case study. Participants will benefit immensely from the concept of “group learning and sharing” of experiences and also get tips about smart ways to audit BCM, based on case studies and real-life experiences.

The pre-requisite for this course is that the participants should have attended the NCEMA 7000:2015/ ISO22301 5 Days Implementer Course.

Learning objective

- Understand the auditing principles
- Understand the requirements of NCEMA 7000 in context of audit
- Provide detailed knowledge of the auditing process including the role and responsibility of auditors and lead auditors in line with ISO 19011 broadly covering the following:
 - Opening meeting
 - Audit planning
 - Document review
 - Interviews
 - Evidence analysis
 - Audit Report writing
 - Closing and follow-up

Who should attend?

- Senior Management and others wanting to ensure effective BCM implementation
- BCM team members
- Those who want to advance their career into BCM Auditing
- Department BC Coordinators
- Consultants and trainers
- Auditors of other management systems
- Auditors and others responsible for confirming BCM effectiveness in an organization
