UNSDGs

ISO 21001

### What our delegates say.....

"I would like to express my satisfaction with ISO 45001 training this week. The tutor was a really good course leader, a person with excellent subject knowledge and experience. He really went out of his way to make sure we understood the material and provided assistance were needed. Based on this experience I will definitely enroll for more ISO auditor training."

Wilbert van Greunen, Project Manager at G4S Secure Solutions LLC

"The presenter was excellent . The content was well structured, and precise with real time examples. I really enjoyed the training; it exceeded my expectations."

Mundia Mwaiba, Health and Safety Manager at Konkola Copper Mines

"The course is informative and enjoyable with excellent content. The most useful part of the training is the activities based on real events so the learning could be demonstrated in practice. We are lucky to have a tutor like you, we appreciate your efforts." Hateef Saad, Secure Ninja
