

BSI Academy

**Courses and qualifications
guide
Dubai 2024**

Welcome

At the BSI Academy, our focus is on supporting you to build knowledge and skills to add more value to your organization, whilst developing your career.

Yonca Çakır

IMETA Training Director

BSI Academy

BSI Training Academy will help you go beyond learning

Our Vision as BSI Training Academy is: "Being the most reliable learning institution for our customers to go beyond on their development ."

Our biggest goal to realize this vision is, to follow new world dynamics and adapt change into our portfolio to share with you.

We have been providing a wide range of Training courses to our customers for many years, but standards are changing, and globalization brings new responsibilities to us to extend our portfolio and to adapt to new technology.

You will find newly designed materials, 24/7 On-demand e-learnings, Sustainability, Health and Safety- well-being and Digital Trust-related Training courses, and more on our catalog. You can get Virtual, Face to Face, or Hybrid Training Delivery from our highly qualified Tutors.

As the industry's leading Training Academy, we look forward to supporting you on your learning journey.

Please Remember;

"The way to go beyond your career, build your knowledge, and upgrade your skills is through BSI Training Academy!"

Learning Methods

We understand that different people learn differently, so we've devised a series of delivery formats to suit all needs. Whether you prefer learning at your own pace through distance learning or enjoy the challenge and interaction in classroom-based learning we can provide a format you will be comfortable with.

Classroom-based training

Classroom training gives learners access to a world-class expert and the ability to ask questions in real-time. It helps those who feel more comfortable learning as a group. It promotes peer-to-peer learning which is a very powerful tool in the learning and development sphere. The accelerated learning techniques that our tutors utilize ensure that knowledge and skills are developed throughout your learning journey.

Virtual instructor-led training

With BSI's live online training, you can take the same high-quality classroom course with the same expert tutor, simply delivered in a virtual environment, regardless of where you're located. You can even book a course that's dedicated to your organization, so a group of you can all train at the same time – from anywhere.

In-house training

An in-house training course is one held at your premises (or online) and is open only to your employees. Training in-house eliminates travel expenses and additional time away from the office. It also keeps your content and discussions confidential. Planning to train 3 or more of your colleagues? This could be the ideal solution for you.

On-demand eLearning

Our eLearning courses are great for learners that need an introduction or refresher on a particular topic. eLearning is a self-directed, interactive learning experience - at a time, place, and pace that best suits you.

Qualifications – Explained

Qualifications from BSI –
A mark of trust for your
expertise.

Qualifications validate
your expertise as you
build a career in your
chosen field.

We provide exciting and
innovative qualifications,
in a variety of subject
areas to build your skills
and knowledge.

Practitioner

A Practitioner qualification demonstrates your audit skills ensuring conformance and effectiveness. This qualification shows your commitment to your profession and career projection.

Professional

A Professional qualification builds on learning from the practitioner stage. As a Professional you demonstrate your higher- level skills, critical thinking skills and demonstrate your competence and career aspirations.

Certified Professional

By becoming a Certified Professional you show you have reached the pinnacle of your learning, with trusted credentials which are aligned to the most senior roles in your organization.

Subject Areas

- Digital trust
- Health, safety & wellbeing
- Quality & business improvement
- Sustainability
- Governance, risk & compliance
- Food
- Built environment
- Medical devices

Organizational Learning

As your partner to progress, we work with organizations like yours to understand your objectives and how training and development creates success. We work with you to create training programmes which align with and meet your strategic objectives.

We excel at delivering training as an enterprise-wide solution – across multiple departments, sites and regions – using a blended mix of courses, qualifications and delivery methods.

As the creator of the world's leading standards, we offer the most comprehensive suite of management systems and business improvement training aimed at empowering your people, at any level, to increase productivity and enhance business performance.

Client Stories

Department of Economic Development

"I would like to take this opportunity to thank all representatives of BSI who made the process of this course smooth and efficient, especially Mr. Lee Allison for providing us with all valuable information in simple and understandable ways. Overall, very nice course and a very nice teacher. Thank you again."

Mohamed Alsuraihi, Information Security Engineer,
Department of Economic Development

ANAS Qatar

"Although this type of course should be provided face-to-face, due to the current challenges we are learning online. It has been very interactive and there were good opportunities to share opinions and ideas. I am fully satisfied, thank you."

Marco M, Pavement Expert Assistant-Quality Auditor

NEOM

"I wanted to say a huge thanks for the CRisP course last week. The tutor's knowledge, enthusiasm, and patience were a credit to both the tutor and BSI, explanations and examples were made inclusive and easy to understand. Although it was tough going at times, the tutor kept things moving well."

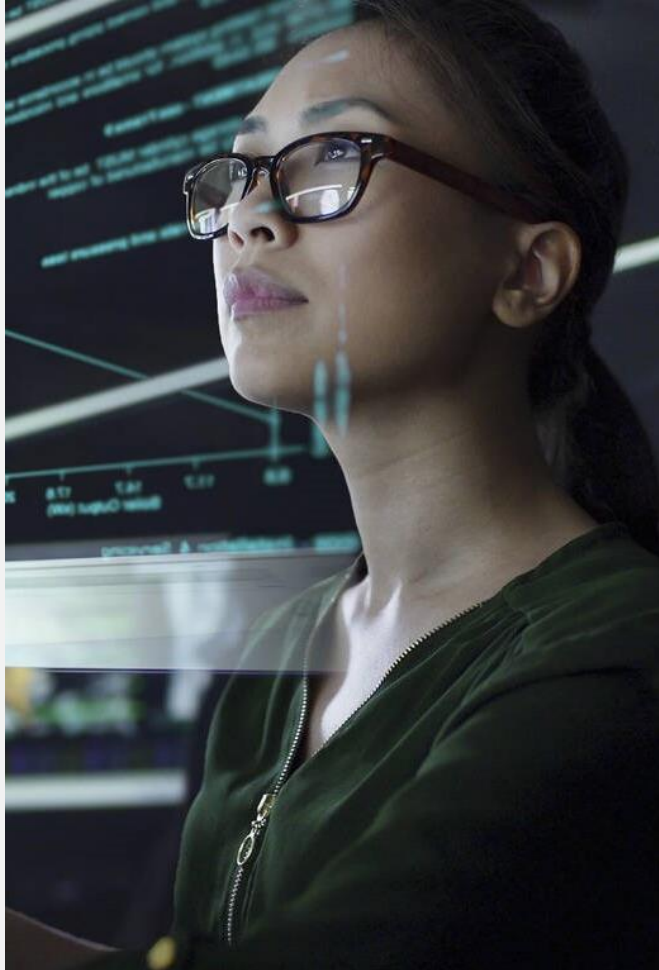

Ty Whitlock, Fire Operations & Safety Manager
Facilities Management - NEOM Operations

GCC Services

"Fantastic course on Risk Management based on ISO 31000:2018 standard with outstanding detail and extremely well explained! With very valuable insights not only about the standard but also about the industry's real-life points of view. Thank you to the tutor and BSI Training Academy team that brought us such a valuable course!"

Saji Varghese, Director of QHSE

Digital Trust and Information Resilience

Protecting information and creating digital trust for customers and your supply chain is increasingly important. Organizations need to ensure they secure personal data and commercially sensitive information from business risk and vulnerabilities. With our range of digital trust courses and qualifications, we can help you gain the knowledge and skills needed to build resilience around your information security management.

Information Security courses

With our range of information security training courses, we can help you get the knowledge and skills you need to build resilience around your information security management.
