Welcome

At BSI, we're dedicated to helping you build the knowledge and skills needed to create greater value for your organization while advancing your career.

Our ISO and business improvement courses cover a wide range of topics, including Digital Trust, Health, Safety and Well-being, Quality Management, Sustainability, and more.

Available in-person, online, or via on-demand eLearning, our courses lead to globally recognized BSI Qualifications, equipping you with valuable skills and validating your expertise.

Stay ahead with relevant courses that are continually updated to reflect the latest trends and regulatory changes.

Recognizing Africa as a key market for BSI, we are dedicated to delivering learning solutions that address the needs and demands of this dynamic and vibrant region.

As part of the BSI team, I'm proud to contribute to providing learning opportunities directly from the source of the standard, delivered in a format that suits your needs.

We look forward to supporting you on your learning journey.

Validate skills with a BSI Qualification

As the creator of the world's leading standards, we offer a comprehensive suite of carefully-assessed qualifications to help you develop expertise to the highest level.

BSI Qualifications cover many disciplines, including Auditing, Digital Trust, Health and Safety, Quality, Sustainability, BIM and more. And because they're available across three levels, from practitioner to certified professional, you can progressively refine your skills.

Practitioner

Show you have a detailed understanding of a given topic or standard.

Professional

Provide more value by adding improvement initiatives, tools and techniques to your skillset.

Certified Professional

Prove your qualified skills are up-to-date and in practice by having your qualification certified.

BRCGS Global Standard

Developed with the Standard Managers and in line with new issues of the Global Standards, BRCGS training courses provide delegates with the most up-to-date information.

ISO 22000 Food Safety

Our ISO 22000:2018 Food Safety Management Systems courses are activity-based, resulting in a deeper understanding of the material and a greater, immediate impact on job performance.

FSSC 22000 Food Safety

Food Safety System Certification 22000 (FSSC 22000) is a robust, ISO-based, internationally accepted certification scheme for auditing and certification of food safety.

Hazard Analysis Critical Control Points (HACCP)

HACCP is a risk management tool and is primarily used to manage food safety risk, enabling you to identify hazards and implement internationally recognized food safety hazard controls to manage the risks.

Food Safety Culture

Encouraging the right behaviours and actions within a food organization has become known as a culture of food safety. While the concept isn't new, the path to a culture of food safety hasn't always been clear.

Food Safety Foundation Qualification

Food Safety Foundation is suitable if you are new to a role in food and need to understand the principles of food safety and hygiene, HACCP, and Allergens.
