## Miss nothing with company-wide access

"Getting information to those people that need it is a key element of compliance."

CEO

"We are completely free from restrictions. All team members are able to view documents, which is a great help."

Quality Manager

"Our staff is split into teams across different areas of the business and are based in different locations. Knowing they can go into Compliance Navigator and access everything they need is not only a real benefit, but provides a level of confidence that they will not be missing vital information."

Quality and Regulatory Associate

"The applicability of a particular standard is a collaborative effort. The whole team had to be able to see the standard."

VP for Operations, Quality and Regulatory Affairs

## Get it right

"An expert has already looked into it with the highlights [in the expert commentary feature], so you don't need to worry so much about interpretation of the regulations because that has already been done."

Senior Regulatory Affairs Specialist

"It has helped us to see what we need to do in order for us to be compliant."

Compliance Officer

"[tracked changes] is a really great feature as we can use the marked-up document to carry out the audits, see where the changes are and what we need to be working to."

Quality and Regulatory Associate

"It's improved our system from all of those perspectives - cost, efficiency, quality, compliance."

VP of Quality and Regulatory Affairs

"It's an outstanding service... It's just so easy. It means we're always up to date without having to think about it."

Head of Quality and Regulatory Affairs

## Save money

"You save money if you save time, it is as simple as that at the end of the day."

Compliance Officer

"I don't have to buy single standards only to find out it is not applicable to the product I'm developing.... all the problems with single standards were solved with one subscription... now, everything we need is at our fingertips. Compliance Navigator has made for an accelerated workflow... saving valuable time and cost, and with long-term benefits for patient safety."

VP for Operations, Quality and Regulatory Affairs

"The cost of subscribing to Compliance Navigator is no higher than what I was paying before – buying standards online, some of which were applicable and some of which weren't, keeping track of updates, buying replacement or updated standards, obsoleting the old ones, keeping a paper trail."

VP of Quality and Regulatory Affairs

It alerted us when [key standards] were changing. That saved us tens of thousands of euros."

Head of Quality and Regulatory Affairs

## Reduce risk

"It's an outstanding service... It's just so easy. It means we're always up to date without having to think about it."

Head of Quality and Regulatory Affairs

That confidence that you are not missing anything. It's that peace of mind that we're not going to veer off track."

Managing Director

"You can easily find yourself out of compliance, which then has cost implications to the business, as well as the potential risk to patient safety and recalls."

Director of Corporate Regulatory Affairs

"It's not just a tool to make the business better; for me this is a tool for how to survive."

Director of Regulatory Affairs

## Save time

"One of the most compelling reasons [for purchasing Compliance Navigator] was the proactive notifications system. [It] helps us with our gap assessment for new regulations, saving valuable time and costs."

Director Corporate Regulatory Affairs

"We have a fairly diverse product portfolio and [before Compliance Navigator] it was taking up a lot of time trying to maintain standards in terms of working more efficiently."

Senior Regulatory Affairs Specialist

"It saves a tremendous amount of time. It's a much faster, accelerated workflow."

VP for Operations, Quality and Regulatory Affairs

## Getting started is easy

Compliance Navigator is easy to implement and use. Our customized training sessions gather information on your workflow challenges and highlight relevant solutions to ensure a straightforward transition to the service.

**"Easy to use and very user friendly"**

VP for Operations, Quality and Regulatory Affairs

**"The training we received was very, very good."**

Head of Quality and Regulatory Affairs

**"What was really impressive to me was the resources committed by BSI to ensure that we fully understand how the tool can be**

**used and leveraged to meet our compliance requirements. The training and the help with implementation was great.... the BSI team has been very responsive to questions and providing solutions. It's been a key component of user satisfaction, especially when moving from one system to another."**

VP for Operations, Quality and Regulatory Affairs

## Would you like to take a look and see for yourself?
