BS EN 1938:2010

Protective Clothing (Non – Professional Riders⁺)

Test methods
FprEN 17092-1:2017

Heavy duty protection
FprEN 17092-2:2017

H Medium duty protection
FprEN 17092-3:2017

Light duty protection
FprEN 17092-4:2017

Light duty abrasion
FprEN 17092-5:2017

Impact protects ensemble
FprEN 17092-6:2017

Protective Clothing (Professional Riders)

General requirements
BS EN 13595-1:2002

I Impact / Abrasion resistance
BS EN 13595-2:2002

Burst Strength
BS EN 13595-3:2002

Impact/cut resistance
BS EN 13595-4:2002

About BSI

We are the business standards company that equips businesses with the right tools and solutions to turn best-practice standards into habits of excellence. With over 4,000 staff worldwide, we help our clients drive performance, manage risk and grow sustainably.

Founded in 1901 we were the world's first National Standards Body. Now over a century later, we're globally recognized as a champion in best practice. We have been and still are responsible for originating many of the world's most commonly used standards and publish nearly 2,700 standards every year. These standards are developed to address the most pressing issues of today. They also cover various industry sectors, including Aerospace, Automotive, Built Environment, Food, Healthcare, IT and Fire.

All our standards are underpinned by a collaborative and rigorous approach perfected over decades. We always work closely with industry experts, government bodies, trade associations, businesses of all sizes and consumers to develop standards that drive excellence.

We currently work with over 86,000 clients in 193 countries worldwide to help them adopt and cultivate continuous habits of best practice. We also train our clients and provide them with practical implementation guidance, as well as a comprehensive suite of compliance tools. And to ensure our clients get the very best service, we're also independently assessed and accredited globally by ANAB (ANSI-ASQ National Accreditation Board) and 26 other accreditation bodies throughout the world, including UKAS (United Kingdom Accreditation Service).

Our reach is global and we play a key role within the International Organization for Standardization (ISO). As one of the founding members, we help make sure international standards developed address today and tomorrow's business and social needs, while delivering real benefits to an organization and all its stakeholders.
