BSI Training Academy

ISO/IEC 27001 **Requirements** training course

Essential information about the course

Level **1**

As internationally recognized best practice for an information security management system (ISMS), ISO/IEC 27001 helps organizations to build resilience and protect information. So it's no surprise that companies invest in training their people to get the knowledge and skills to use ISO/IEC 27001 to secure their business.

Our one-day ISO/IEC 27001 requirements course is a great place to start for any business. It provides

an excellent introduction to the standard and the importance of information security to you and your interested parties. Packed with practical activities, group discussion and classroom learning, our expert tutors will make sure you complete the course feeling confident that you can apply your new knowledge as soon as you step back inside your organization.

"A great tutor, who adapted the course to our knowledge and delivered a great course."

Dignity Pre Arrangement Ltd, UK-based funeral service provider
