...making excellence a habit.™

British Standards Institution (BSI) Training Academy

When you're working with BSI, you're working with an organisation that operates throughout the world of standards. We offer one of the widest ranges of standards-related training available from meeting medical devices regulation to managing your energy effectively. We don't just train you to meet standards – we helped to shape and develop many of them and we carry out the audits and assessments.

When you train with us, you get the full benefit of that 360-degree expert knowledge. We know what an audit will look for – so we train you to meet it. We know the thinking behind the standard – so we can convey that to drive and inspire your people.

We have a team of expert tutors working across the world who can transfer the knowledge, skills and tools your people need to embed standards of excellence into your organisation. They have vast amounts of training and assessment experience, and work across a wide range of business sectors.

They know best how to transform your organisation by training those who can make that change – that's how we turn our experience into your expertise.

Our tutors

Our tutors are the best in the business. They're truly passionate about sharing their knowledge and ensuring you learn. Trusted experts with years of hands-on and business experience, they bring the subject matter to life with
