

BSI Training Academy

ISO 14001 **Internal Auditor** training course

Essential information about the course

Level **1 C 2 C 3**

ISO 14001 helps organizations implement a flexible and robust environmental management system (EMS), making them more resilient and sustainable. Organizations around the world invest in training their people with BSI so they have the skills and the knowledge to deliver the benefits of implementing ISO 14001.

If you're new to auditing, this is the course for you. Most delegates already have a thorough understanding of ISO 14001 and want to be able to carry out internal audits in their organization.

This packed two-day course will enable you to prepare for and initiate an internal audit and give you the vital skills to compile and distribute audit reports. Our highly experienced tutors will make sure that you walk away with the confidence to perform an effective audit to help your organization to continually improve.

The two-day course is structured to optimize your learning using our unique accelerated approach, which blends practical activities, group discussions and classroom learning.

Our course agenda

Day 1

- Environmental management systems: intended outcomes
- 14001 components overview
- Need for internal audit
