BSI Training Academy
ISO 50001:2018 **Lead Auditor** training course

Essential information about the course

Gain the knowledge and skills to conduct and lead an Energy Management Systems (EnMS) audit in accordance with internationally recognized best practice techniques.

You will grasp the key principles and practices of an effective EnMS audit in accordance with ISO 19011 "Guidelines for auditing management systems". Using a systematic approach, you will be guided through the entire audit process from initiation to reporting on audit findings, and follow-up; that establishes conformity and enhances energy performance.

Working with our professional tutors over 5 days, you will gain the knowledge and practical skills required to undertake and lead a successful second-party EnMS audits. You will acquire the skills to plan, conduct, report and follow-up on an EnMS audit.ing awareness, and identifying objectives and energy targets.

Our course outlines

- Explain the purpose of an EnMS, EnMS standards, management system audit, of third-party certification, and the business benefits of improved energy performance
- Explain the role of an auditor to plan, conduct, report and follow-up an EnMS audit in accordance with ISO 19011 and ISO/IEC 17021, as appropriate
- Plan, conduct, report and follow-up an audit of an EnMS to establish conformity (or otherwise) with ISO 50001, and in accordance with ISO 19011 and ISO/IEC 17021 where appropriate.
