Why train with BSI?

We are the UK's largest training and certification body, who have helped shape many of the world's leading standards from ISO 9001 to ISO/ IEC 27001.

We take the time to understand your company's learning needs to develop training solutions that satisfy your business objectives.

Our approach - accelerated learning

Our accelerated learning approach is proven to fast-track learning and improve knowledge retention.

You'll participate in activity-based learning and have the opportunity to share your learning experience with peers from other companies which will help embed your learning.

Expert tutors

Our tutors are recognized as experts in their field, offering a worldclass learning experience that our delegates rate as first class.

They are trained to understand and meet your different learning needs, have years of practical industry experience, as well as deep subject matter knowledge.

Your BSI certificate

On successful completion, you'll receive soft copy of certificate that's recognized worldwide.

A BSI Training Academy certificate is a mark of expertise, quality and integrity.

Types of training

BSI offers training in many different formats:

Online training

With BSI's 'live' online training, you can take the same high-quality classroom course with the same expert tutor, simply delivered in a virtual environment, regardless of where you're located.

Classroom training

Our public training courses take place in convenient locations across Malaysia. Attendees are away from office distractions and benefit from interacting and networking with people from other organizations.

In-house training*

An in-house training course is one held at your premises and is open only to your employees Training in-house eliminates travel expenses and additional time away from the office. It also keeps your content and discussions confidential.

On-demand training

Our on-demand training delivers high-quality content using a combination of video, online course materials and embedded assessment, enabling you to study at your own pace, in your own time.

We also offer training via distance learning and e-learning, to suit your individual needs:

Distance learning

Allows you to study at your own pace and whenever is convenient to you.

It's cost effective and puts you in control of your learning.

E-learning

If you're looking to increase your knowledge through computer-based learning, you'll soon be able to access our e-learning training portfolio.

If you think you may need training in a different format then please contact us to discuss what alternative options we have available.
