ISO 45001 Auditor Migration Occupational Health and Safety Management Systems (OHSMS) training course

Essential information about the course

Level **1** **2** **3**

ISO 45001 is the world's first ISO management system standard for Occupational Health and Safety (OH&S). Its focus on risk prevention, innovation and continual improvement will benefit organizations with the foresight to achieve this global standard through increased organizational resilience. Suitable for organizations large or small and in any industry, it will replace the widely implemented BS OHSAS 18001.

If you are involved as either an internal auditor or as a lead auditor for a BS OHSAS 18001 management system and planning your migration to ISO 45001, then this course is for you.

This high-impact, practical course combines our 1-day 'ISO 45001 Migration' course with an additional day of auditing activities. You will learn about the High Level Structure (HLS) upon which most new ISO management system standards are based, and how to apply the new standard practically in order to build your ISO 45001 auditing skills.

Our full course agenda helps you understand what to expect:

Day 1

- Course aims, objectives and structure
- Annex SL – Appendix 2 introduction and framework
- Annex SL – Appendix 2 terms and definitions
- Annex SL – Appendix 2 clause by clause
- Annex SL – Appendix 2 v ISO 45001 clause structure
- ISO 45001 - Key perspectives, principles, emerging developments, terms and definitions

- Comparison between OHSAS 18001:2007 and ISO 45001 and roles
- Summary of key changes
- ISO 45001 timeline and further information

Day 2

- Auditing approach/questions when assessing 4.1/2
- Case study and audit planning
- Interviewing Top Management – Scope and participation, and Clause 5.1
- Interviewing Worker's Representative – Participation and consultation
- Audit approach - Processes needed to address risks and opportunities
- Interviewing a Human Resources Manager – Communications

- Interviewing a Procurement Manager – Outsourcing and contractors
- Auditing approach/questions when assessing outsourcing (8.3)
- Interviewing Top Management – Culture and audit findings from earlier evidence/audit trails
- Audit approach – Continual improvement processes and outputs (10.3)
- Review and final questions
