# Understanding ISO/PAS 45005 safe working during the COVID-19 pandemic

Training course

STAGE **1** **2** **3**

## Essential information about the course

Learn how to embed safe working practices across your organization by following ISO/PAS 45005 – General Guidelines for Safe working during COVID-19 pandemic, enabling you to:

- Take effective action to protect workers and other relevant interested parties from the risks related to COVID-19
- Take a systematic approach to addressing risks related to COVID-19
- Put in place a framework to enable effective and timely adaptation to the changing situation

You'll gain an understanding of the background to ISO/PAS 45005 General Guidelines for Safe Working. The course covers the main recommendations for safe working based on hygiene, social distancing and other measures to keep your workers, clients, customers and others safe.
