## ISO/IEC 27001:2022 Implementation

Training course

STAGE The word 'STAGE' is followed by three square icons containing the numbers 1, 2, and 3, representing the stages of the course.

### Essential information about the course

Improve and protect your organization, share knowledge of information security and build stakeholder confidence with our ISO/IEC 27001 Implementation training course – and gain the expertise to put in place a robust and quality Information Security Management System (ISMS).

We deliver a globally-recognized certification that gives you the skills framework to manage your organization's data and maintain best practice in information security management. This will incorporate each stage from scoping your policy needs to evaluating risks and building organization awareness, and on completion of this training course you can play a key role in ensuring your organization is ISO/IEC 27001 compliant.

### Our course agenda

#### Day 1

- Benefits to you, welcome and introductions
- Course aims, objectives and structure
- Module 1: Implementing a management system
- Module 2: Implementing Clause 4 and 5

#### Day 2

- Module 3: Implementing Clause 6
- Module 4: Implementing Clause 7 and 8
- Module 5: Implementing Clause 9 and 10
- Module 6: Course review and final questions

Book today at

[bsigroup.com/training](https://bsigroup.com/training)
