Expertise and experience
Supporting your global market access

As an experienced Orthopaedic and Dental devices Notified Body, BSI has a unique skillset to support your market access goals. Our focus is on efficiency, so product reviews from BSI will give you confidence in your certification without delaying your timelines.

The value of over 300 years experience

BSI solutions are tailor-made for the orthopaedic and dental devices industry and are delivered by a team of professionals with regulatory, industry and academic expertise. The dedicated technical experts on our Orthopaedic and Dental Team hold over 40 graduate degrees in a variety of fields, including:

- Biochemistry
- Toxicology
- Electronics
- Mechanical engineering
- Biomedical engineering
- Biomedical engineering
- Material/polymer/metallurgy
- Biology
- Physics
- Engineering systems
- Graduate degrees

BSI is the Notified Body of choice for 9 of the top 10 global Orthopaedic Manufacturers.

Our team has a combined total of over 300 years' experience in the orthopaedic and dental devices sectors. Our technical experts are highly competent and experienced in the development, design, manufacture, and testing of these devices. The range of device expertise and knowledge within the team is diverse. BSI can provide confidence to manufacturers regarding their regulatory and quality compliance, leading to a market advantage.
Three unique reasons to make BSI your Orthopaedic and Dental Notified Body

**Experience and expertise** – BSI focuses on excellence, thereby reducing your corporate risk.

**Focus on service** – BSI offers a range of review services, giving you a greater level of flexibility as well as predictability.

**Market access** – Our efficient review services means your product reviews won’t slow down your launch plans, helping you to stay ahead of the competition.

Trust your Notified Body

At BSI, we understand that having confidence in your Notified Body is important to an efficient and hassle-free CE marking process. Our approach focuses on open communication from the very beginning. Your product will be supported by a dedicated team of orthopaedic and dental experts interested in sharing the knowledge and passion you have for your products.
