RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

Section 1: Scope of the Assessment

1. Company Details			
Parent Company	Tha Mapla Oil Palm Grower Community Enterprise		
RSPO Membership Number	1-0369-22-000-00	Membership Approval Date	28 March 2022
Address	No. 48, Moo 3, Tha Mapla Sub-district, Langsuan District, Chumphon Province, 86110 Thailand		
Palm Oil Mill / Group Manager / Estate (Certification Unit)	Tha Mapla Oil Palm Grower Community Enterprise		
Location / Address	No. 48, Moo 3, Tha Mapla Sub-district, Langsuan District, Chumphon Province, 86110 Thailand		
Website	None.		
Management Representative	Mrs.Duangkamon Lengrabam (Group Manager)	E-mail	thamaplaoilpalm.cofarm@gmail.com
Telephone	+ 66 9 4648 6619	Facsimile	None.

2. Certification Information			
Certificate Number	RSPO 798397	Certificate Start Date	11/05/2024
Date of First Certification	11/05/2024	Certificate Expiry Date	10/05/2025
Scope of Certification	Production of Sustainable Oil Palm Fresh Fruit Bunches of Independent Smallholders		
Visit Objectives	<ul style="list-style-type: none"> Determination of the conformity of the client's management system, or parts of it, with audit criteria. Evaluation of the ability of the management system to ensure the client organization meets applicable statutory, regulatory and contractual requirements. 		
Assessment Cycle	<input type="checkbox"/> Pre-Assessment (Choose an item.) <input checked="" type="checkbox"/> Initial Assessment <input type="checkbox"/> Annual Surveillance Assessment (Choose an item.) <input type="checkbox"/> Recertification Assessment (Choose an item.) <input type="checkbox"/> Scope Extension

Is this a remote audit or on-site audit	<input checked="" type="checkbox"/> On-site audit (Option AI)	<input type="checkbox"/> On-site audit (Option AII)	<input type="checkbox"/> Remote audit (Option B)

RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

3. Other Certifications			
Certificate Number	Standard(s)	Certificate Issued by	Expiry Date
NA	NA	NA	NA

4. Location(s) of Mill & Supply Bases			
Name (Mill / Supply Base / Group Manager / Smallholders)	Location	GPS Coordinates	
		Latitude	Longitude
Tha Mapla Oil Palm Grower Community Enterprise (35 member)	No. 48, Moo 3, Tha Mapla Sub-district, Langsuan District, Chumphon Province, 86110	9°54'49.1"N	99°03'05.4"E

5. Description of Supply Base					
New Planting Development	<input checked="" type="checkbox"/> No		<input type="checkbox"/> Yes		
Estate / Smallholders	Total Planted (Mature + Immature) (ha)	HCV (ha)	Infrastructure & Other (ha)	Total Area (ha)	% of Planted
Tha Mapla Oil Palm Grower Community Enterprise (35 member)	36.59	0.00	1.22	37.81	96.77
Total	36.59	0.00	1.22	37.81	
Note: At the audit date, the total area was lesser than the confirmation from RSPO secretariat from 66.80 ha The oil palms in the 36.59 ha were planted without prior HCV-HCS assessment. Thus, the certification unit had to undergo the RaCP which LUCA report dated 28/03/2022 was submitted to RSPO Secretariat.					

6. Plantings & Cycle						
Estate / Smallholders	Age (Years) - ha				Mature	Immature
	0 - 3	4 - 14	15 - 25	>25		
Tha Mapla Oil Palm Grower Community Enterprise (35 member)	0.00	5.25	21.57	9.77	36.59	0.00
Total (ha)	0.00	5.25	21.57	9.77		
Note: Only Mature area is considered as production area is 36.59 ha consist 35 member.						

7. Summary of Certified Tonnage of FFB (Own Certified Scope)

Estate / Smallholders	Tonnage (MT) / year			
	Estimated last year (Not applicable for initial certification audit)	Actual (Not applicable for initial certification audit)		Forecast (May 2024 – April 2025)
		Previous license period (key in period covered)	Current license period (key in period covered)	
Tha Mapla Oil Palm Grower Community Enterprise (35 member)	NA	NA	NA	847.41
Total	NA	NA		847.41

Note:

- This is initial audit and the group certified MS. A. Therefore the FFB that can be claim as certify is 70% of 847.41 equals to 593.18 mt FFB
- Forecast used yield is 20 mt FFB/ha (3.71 mt FFB/Rai) based from data record of Group from January 2024 to December 2024.

Product	Volume Projected (MT)
	MSA (70%)
FFB	593.18
CPO	118.64
CPK	29.66
CSPKO	13.35
CSPKE	16.31

8. Summary of Certified Tonnage of FFB (from other certified unit(s))

Section 2: Assessment Process

Certification Body:

BSI Services Malaysia Sdn. Bhd. (ASI Accreditation Number: ASI-ACC-067)
Suite 29.01 Level 29, The Gardens North Tower,
Mid Valley City, Lingkaran Syed Putra,
59200 Kuala Lumpur, Malaysia.
Tel +60 (3) 9212 9638; Fax +60 (3) 9212 9639
Representative: Dr. Chaiyaporn Seekao (Chaiyaporn.Seekao@bsigroup.com)
Website: www.bsigroup.com

BSI is a leading global provider of management systems assessment and certification, with more than 92,000 certified locations and clients in over 193 countries. BSI is the UK's National Standards Body. BSI provides independent, third-party certification of management systems. BSI is ASI Accredited (ASI-ACC-067) to conduct RSPO assessment since 31/10/2014 with accredited office located at Kuala Lumpur, Malaysia.

2.1 Assessment Methodology, Programme, Site Visits

The on-site assessment was conducted on **18 – 20 December 2023**. The audit programme is included as Section 2.3. Where applicable. 30 days Public Notification was made through the RSPO and stated in the BSI website on 3rd Nov 2023.

The approach to the audit was to treat the independent smallholders as an RSPO Certification Unit. A range of occupational health and safety, environmental, best practice management, and social factors were covered. This includes consideration of topography, palm age, proximity to areas with HCVs, declared conservation areas, local communities engagement and workers welfare and safety.

The Critical NC close out off-site assessment was conducted on 4 April 2024. The audit programs are included in Section 2.3.

The methodology for collection of objective evidence included physical site inspections, observation of tasks and processes, interviews of staff, workers and their families and external stakeholders, review of documentation and monitoring data. Independent Smallholder Standard 2019 was used as the normative reference to assess compliance. The comments made by external stakeholders were also taken into account in the assessment.

The minimum sample size is four estates. Sample size for certification unit with more than four (4) estates were determined based on formula $N = (\sqrt{y}) \times (z)$ where y is the number of estates and where z is the multiplier defined by risk assessment. While, the sampling of smallholders were based on the formula $(\sqrt{y}) \times (z)$; where y is total number of group member and where z is the multiplier defined by the risk assessment. The sampled smallholder listed in Appendix E.

Meetings were held with stakeholders to seek their views on the performance of the certification unit with respect to the RSPO requirements and aspects where they considered that improvements could be made. At the start of each meeting, the interviewer explained the purpose of the audit followed by an evaluation of the relationship between the stakeholder and the company before discussions proceeded. The interviewer recorded comments made by stakeholders and these have been incorporated into the assessment findings.

Structured worker interviews with male and female workers and staff were held in private at the workplace in the mill and the estates. Fieldworkers were interviewed informally in small groups in the field. In addition, the wives of workers and staff were interviewed in informal group meetings at their housing. Separate visits were made to each of the local communities to meet with the village head and residents. Company officials were not present at any of the internal or external stakeholder interviews. A list of Stakeholders contacted is included as Section 3.4.

The non-conformities for this audit are detailed in Section 3.3 and unless it is stated in this section, all previous nonconformities including minor nonconformities are remains closed.

RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

This report is structured to provide a summary of assessment finding as provided in Appendix A. The assessment was conducted based on risk based approach sampling and therefore nonconformities may exist.

For Initial, Re-certification and Extension of Scope assessment, the report was externally reviewed by approved external peer reviewer prior to certification decision by BSI.

For Annual surveillance assessment, the report was internally reviewed and approved by BSI qualified certification reviewer.

The following table would be used to identify the locations to be audited each year in the 5 year cycle

Assessment Program					
Name (Mill / Supply Base)	Year 1 (MSA)	Year 2 (MSB)	Year 3 (ASA1)	Year 4 (ASA2)	Year 5 (ASA3)
Tha Mapla Oil Palm Grower Community Enterprise	X	X	X	X	X

Tentative Date of Next Visit: December 18, 2024 - December 20, 2024

Total Number of Mandays: 5.5

2.2 BSI Assessment Team

Name	Role	Competency
Mr. Supiwat Nentakong	Team Leader	<p>Education: Bachelor of Science (Fisheries) KASSETSART University, Thailand in 1998..</p> <p>Work experience: He is oil palm plantation owner. Hence, he has more than 10 years' experience in working in the palm oil sector and more then 5 years working experience as RSPO P & C, RISH and SCC Auditor and 1 years working experience as RSPO Lead Auditor of P &C, RISH and SCC scheme before joining with BSI group.</p> <p>His knowledge in agriculture sector (oil palm) has been evaluated through interview and demonstrated by directly involved in managing oil palm belong to his family.</p> <p>Training attended: Successfully completed the Quality Management System Auditor/Lead Auditor Course ISO9001:2015, ISO14001:2015 Lead auditor IRCA 14154 EMS, BS OHSAS 18001:2007 standard, CQI-IRCA Certified: PR356: OHSMS ISO 45001:2018 Lead Auditor Conversion Training Course, Thai Labour Standard TLS Lead auditor TLS 8001, SA8000 Basic auditor Course, ESEP Lead auditor course, Endorsed RSPO P&C Lead Auditor Course, Refresher course for Endorsed RSPO P&C Lead Auditor, RSPO ISH Training (RISS 2019) as part of the qualification for RSPO Auditors in fulfilling the requirements of 4.8.6(f) of the RSPO Certification System 2020 and Endorsed RSPO SCCS Lead Auditor.</p> <p>Language proficiency: Fluent in Thai language and moderate in English.</p> <p>Aspect covered in this audit:</p> <p><input checked="" type="checkbox"/> Good Agriculture Practice <input checked="" type="checkbox"/> Health and Safety <input checked="" type="checkbox"/> Social <input checked="" type="checkbox"/> Environmental</p>

		<input checked="" type="checkbox"/> ISH context (ICS, internal audit, policy, business planning and trading system)
Ms.Jettana Insuwan (JI)	Team Member	<p>Education: Bachelor's degree of Environmental Ccience, Silpakorn University and Bachelor's degree of Occupational health and safety, Sukhothai thummathirat university</p> <p>Work Experience: She is an oil palm plantation owner and worked at Oil Palm Mill, including Group manager of the independent smallholder (ISH) Smothong Sustainable palm oil Production community enterprise and Sustainable palm oil production (Thachana-Chaiya) community enterprise. Hence, she has more than 5 years' experience working in the palm oil sector and more than 3 years of working experience as RSPO P & C, RISH, and SCC internal auditor before joining with BSI group. Her knowledge in the agriculture sector (oil palm) has been evaluated through interviews and demonstrated by being directly involved in managing oil palm belonging to her family.</p> <p>Training attended: Successfully completed the Quality Management System Auditor/Lead Auditor Course ISO9001:2015, ISO14001:2015, Endorsed RSPO P&C Lead Auditor Course, Refresher course for Endorsed RSPO P&C Lead Auditor, RSPO ISH Training (RISS 2019)</p> <p>Language proficiency: Fluent in Thai language and moderate in English.</p> <p>Aspect covered in this audit:</p> <p><input checked="" type="checkbox"/> Good Agriculture Practice <input checked="" type="checkbox"/> Health and Safety <input checked="" type="checkbox"/> Environmental</p> <p><input checked="" type="checkbox"/> ISH context (ICS, internal audit, policy, business planning and trading system)</p>
Dr. Suhaili Bin Sahari	Peer Reviewer	<p>Education:</p> <p>Graduated from University Technology Mara (UiTM), Malaysia in Diploma in Science in 1990. He furthers his first degree in B.Sc (Hons) in Chemistry with Industrial Chemistry in 1995 from Liverpool University, England. He later advances his study in Master in Business Administration (General) in 2002 and graduated in 2005 from University of Multimedia, Malaysia. Completed his PhD from University Science Islam Malaysia (Faculty of Economy and Muamalat - Management) under the supervision of previous University Vice Chancellor Dato' Mohd Muda.</p> <p>Work Experience:</p> <p>Worked with Hong Leong Group of Companies as a production executive cum TQM facilitator and continues to advance in his career as a manager and senior manager in management, production, training and quality for more than 11 years. During his tenure with Hong Leong Group of Companies, he heavily involved in strategic management decision issues such as developing SWOT analysis, Vision, Mission, Business and Corporate Strategy formulation, Acquisition and restructuring strategies. Strategic actions and implementation etc. Then he joint Kumpulan Guthrie and Sime Darby Group of Companies for more than 7 years as a manager, heads of department and Assistant Vice President in management, quality and training. Part of his duty is to strategies the departmental vision; mission, critical success factors and action plan into actions and support the corporate strategic plan.</p>

3.1 Multiple Management Units and Time Bound Plan

Requirement	Assessment	Compliance
Does the time bound plan include all current subsidiaries, estates and mills that is under the control and/or minor shareholding of the holding company?	Not applicable for Independent Smallholders Certification.	Not Applicable
Have all the estates and mills certified within five (5) years after obtaining RSPO membership? If no, has RSPO Secretariat approval obtained? Was the submission according to the template as announced by the RSPO Secretariat on 21/12/2021	Not applicable for Independent Smallholders Certification.	Not Applicable
Have there been any new acquisitions? If yes, the new acquisitions shall be certified within three (3) years from the date of acquisition. Certification plan for the new acquisition shall be available. If no, has RSPO Secretariat approval obtained? Was the submission according to the template as announced by the RSPO Secretariat on 21/12/2021.	Not applicable for Independent Smallholders Certification.	Not Applicable
Any deviations from the maximum periods requires approval by the RSPO Secretariat.	Not applicable for Independent Smallholders Certification.	Not Applicable
Have there been any changes to the time-bound plan since the last audit (both new acquisition and existing)? If yes, justification is required. Is this consistent with the ACOP reporting?	Not applicable for Independent Smallholders Certification.	Not Applicable
Have there been any isolated lapses in implementation of the plan? If yes a Minor non-compliance shall be raised	Not applicable for Independent Smallholders Certification.	Not Applicable
Have there been any fundamental failure (e.g. unable to justify delay in planning the assessments) to proceed with implementation of the plan? If yes a Major non-compliance shall be raised	Not applicable for Independent Smallholders Certification.	Not Applicable
Un-Certified Units or Holdings		
No replacement of primary forest or any area required to maintain or enhance HCVs and HCS in accordance with RSPO P&C criterion 7.12.	Not applicable for Independent Smallholders Certification.	Not Applicable
Any new plantings since January 1 st 2010 shall comply with the RSPO New Plantings Procedure.	Not applicable for Independent Smallholders Certification.	Not Applicable
Any Land conflicts are being resolved through a mutually agreed process, such as RSPO Complaints System or Dispute Settlement Facility, in accordance	Not applicable for Independent Smallholders Certification.	Not Applicable

with RSPO P&C criteria 4.4, 4.5, 4.6, 4.7 and 4.8.		
Any Labor disputes are being resolved through a mutually agreed process, in accordance with RSPO P&C criterion 4.2	Not applicable for Independent Smallholders Certification.	Not Applicable
Any Legal non- compliance is being addressed through measures consistent with the requirements of RSPO P&C criteria 2.1	Not applicable for Independent Smallholders Certification.	Not Applicable
Did the company conduct internal audit for those uncertified estates against the uncertified management units requirement and covering the RSPO P&C criterion 2.1 4.2, 4.4, 4.5, 4.6, 4.7, 4.8 and 7.12? If yes, a positive assurance statement shall be available and justified.	Not applicable for Independent Smallholders Certification.	Not Applicable
Are there any Critical (Major) non-compliance raised against any of the RSPO P&C criterion 2.1 4.2, 4.4, 4.5, 4.6, 4.7, 4.8 and 7.12 during the last internal audit of the uncertified estates? If yes is the NC(s) actively addressed with RSPO?	Not applicable for Independent Smallholders Certification.	Not Applicable
Have there been any stakeholder (including NGO) consultation conducted?	Not applicable for Independent Smallholders Certification.	Not Applicable

3.2 Progress of scheme smallholders and/or outgrowers

Progress of scheme smallholders or outgrowers towards compliance with relevant standards		
Requirement	Remarks	Compliance
Has 100% of scheme smallholders and/or scheme outgrowers comply with the standard within three years of the mill's initial certification? OFI shall be raised if after one year where 100% of the scheme smallholders and scheme outgrowers are not in compliance, a minor NC after two years, and a major NC if this requirement is not met after three years.	Not applicable for Independent Smallholders Certification.	Not Applicable

Approved Time Bound Plan

Not applicable for Independent Smallholders Certification.

RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

3.3 Details of Nonconformities

The nonconformities are listed below. The findings summary of the assessment by criteria are listed in Appendix A.

During this Assessment there were (5) Five Critical; 0 Minor nonconformities and (0) Opportunity For Improvement raised. Tha Mapla Oil Palm Grower Community Enterprise Certification unit submitted Corrective Action Plans for the nonconformity. Corrective action plans with respect to the nonconformity was reviewed by the BSI audit team and accepted.

The implementation of the Corrective Actions for the Critical Nonconformity(ies) has been verified for its effectiveness and closed accordingly date 4/April/2024. The below is the summary of the non-conformity raised during this assessment.

Non-conformity			
NCR Ref #	2432390-202312-M1	Issued Date	20 Dec 2023
Due Date	19 Dec 2024	Closure Date	4 April 2024
Indicator & Category (Critical / Minor)	Criteria 3.1 Eligibility / Critical		
Statement of Nonconformity:	There is no evidence that the group has collected information on the number and types of workers and their respective tasks (such as harvesting, weeding, etc.). This includes data on the number of female and male workers, as well as workers with families.		
Requirement Reference:	Criteria 3.1 Eligibility Smallholders commit to no use of forced labour and ensure that any use of forced labour on the farm is terminated at Eligibility. They provide information on the source of labour on the farm, including family, contract and hired labour (refer to appendix 1).		
Objective Evidence:	From onsite assessment and interviews with group members (member ID: TMP-CP-032A, TMP-CP-008A, TMP-CP-020A, TMP-CP-007A, TMP-CP-002A), it was found that there is no detailed documentation related to foreign workers employed to work in the plantation.		
Corrections:	The group organized establish training session on labor law requirements for the relevant smallholders within our group. Understanding and adhering to labor laws are essential for ensuring fair and lawful employment practices within our community.		
Root Cause Analysis:	The group did not follow up on the sources of labor on the plantation, including family, contract, and hired labor, and lacked knowledge of labor law		
Corrective Actions:	<ul style="list-style-type: none"> - Quarterly review of the annual training plan (planned vs. completed) by the Sustainability Manager Group. Review shall be discussed with the relevant interested parties, and actions shall be communicated regarding the process for addressing complaints from interested parties. - The group shall conduct training for site smallholders on the data required for compiling labor laws. 		
Assessment Conclusion:	<p>The onsite non-conformity (NCR) close-out visit was conducted on 4 April 2024, for verification of sampled</p> <ul style="list-style-type: none"> - The Training Program of 2024, which included smallholders training (including Interested parties). 		

RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

	<p>- Training records for smallholders on requirements for labor laws, company's policy, on 22 February 2024, and an updated list of Interested parties has been updated with the workers to work in the plantation, along with communicating the process for accessing complaints of Interested parties.</p> <p>Based on field observation and interviews with suspended smallholder (Mr. Sanai), he has received training related to RSPO requirements. He has understood the oil palm best practices, requirements for labor laws, and the mechanism of communicating the process.</p> <p>The audit team verified the training/field day attendance for smallholders. Based on verification of correction, root cause analysis, and corrective actions, this non-conformity has been complied with and closed.</p>
--	---

NCR Ref #	2432390-202312-M2	Issued Date	20 Dec 2023
Due Date	19 Dec 2024	Closure Date	4 April 2024
Indicator & Category (Critical / Minor)	1.2 MS A/Critical		
Statement of Nonconformity:	Smallholders have not completed training on farm business operations, monitoring, and planning. The training does not cover health and safety, chemical handling (agrochemical), prevention, and handling of forest-related issues		
Requirement Reference:	1.2 MS A Smallholders complete training on farm business operations, monitoring and planning. The training includes capacity building on record keeping for production, including inputs and yields, transactions, and variety.		
Objective Evidence:	During on-site verification and interviews with member IDs TMP-CP-032A, TMP-CP-008A, TMP-CP-020A, TMP-CP-007A, and TMP-CP-002A, it was found that the training was not effective and did not cover topics such as health and safety, chemical handling (agrochemicals), prevention and handling of forest-related issues, and RTEs		
Corrections:	The Group established training sessions will be arranged by inviting experts with knowledge and expertise in various topics that farmers still lack understanding of. All farmers will receive training, with sessions scheduled for 11 January 2024. Personnel from the District Agricultural Office, Lang Suan, and public health officials from the Lang Suan Municipal Office will conduct the training.		
Root Cause Analysis:	Group managers lack a clear understanding of relevant training requirements, and committee members are unaware of conflicts between humans and wildlife, as well as the existence of Rare, Threatened, and Endangered (RTE) species, including critical ecosystems. While training has been conducted on some topics for an extended period, an annual review has not been conducted due to staffing shortages.		
Corrective Actions:	<ol style="list-style-type: none"> 1. The group committee arranges training and review sessions for members once a year. 2. Refresh training will be provided to new members within one month of joining the group 		
Assessment Conclusion:	The onsite NCR close-out visit was conducted on 4 April 2024 and verified sampled smallholders in 2024, revealing the following:		

RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

	<p>- The Training Program of 2024 included training sessions for smallholders, including interested parties.</p> <p>- Training records for smallholders covered topics such as health & safety, chemical handling (agrochemical), prevention and handling of forests, RTES, and communication with interested parties.</p> <p>Based on field observations and interviews with member IDs TMP-CP-032A, TMP-CP-008A, TMP-CP-020A, TMP-CP-007A, and TMP-CP-002A, it was confirmed that they received training related to RSPO requirements. They demonstrated understanding of oil palm best practices and the aforementioned topics including health & safety, chemical handling (agrochemical), prevention and handling of forests, and RTES.</p> <p>The audit team verified the training/field day attendance for smallholders. Based on the verification of corrections, root cause analysis, and corrective actions, this non-conformity has been addressed and closed. The effectiveness of the corrective actions taken will be further verified in the next assessment.</p>
--	--

NCR Ref #	2432390-202312 -M3	Issued Date	20 Dec 2023
Due Date	19 Dec 2024	Closure Date	4 April 2024
Indicator & Category (Critical / Minor)	Criteria 3.5 MSA/Critical		
Statement of Nonconformity:	A risk evaluation regarding associated health and safety risks, as well as measures to reduce identified risks, was not found.		
Requirement Reference:	Criteria 3.5 A Smallholders, workers, and family members complete training and aware of health and safety risks associated with farm work, (including that of pesticide use) and how to mitigate them.		
Objective Evidence:	The risk evaluation document do not include a risk evaluation for associated health and safety risks, particularly concerning activities such as using fire, machinery for cutting grass, and employing a backhoe in palm plantations		
Corrections:	<p>- The Group established Training for members on health and safety risks and risk reduction measures should be completed by 17 January 2024.</p> <p>- The group committee should conduct assessments of health and safety risks related to work in the plantation by 17 January 2024 and summarize the assessment results to develop guidelines/measures for risk reduction and safety in the workplace by 20 January 2024.</p>		
Root Cause Analysis:	Group managers has been not review and updating of manuals regarding the use of chemical weed control, health risks, and safety associated with work in the plantation.		
Corrective Actions:	The Group manager review and update the manual on the use of chemical weed control, including the use and storage of equipment used in the palm oil plantation for safety purposes, once a year, and Conduct an annual assessment of risks for the labor force/members within the group.		
Assessment Conclusion:	The onsite NCR close-out visit was conducted on 4 April 2024 verified the training/field day attendance and review and update the manual for smallholders. Based on the verification of corrections, root cause analysis, and corrective actions,		

RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

	this non-conformity has been addressed and closed. The effectiveness of the corrective actions taken will be further verified in the next assessment.
--	---

NCR Ref #	2432390-202312 -M4	Issued Date	20 Dec 2023
Due Date	19 Dec 2024	Closure Date	4 April 2024
Indicator & Category (Critical / Minor)	ICS B.1.1 Milestone A / Critical		
Statement of Nonconformity:	Internal audit for the group manager has not effectiveness.		
Requirement Reference:	B.1.1 Milestone A: The ICS is implemented, and an internal audit is conducted for at least half of the group members and all audit findings are closed		
Objective Evidence:	Upon verifying the ICS records of the group manager and all members from 11 August 2023, it was found that the checklist of all members did not cover the review of the business plan and did not address the three non-conformity issues not corrective action.		
Corrections:	The group establish Conduct assessments internally and complete them by 12 January 2024.		
Root Cause Analysis:	The internal auditing and group manager auditors still lack knowledge and understanding about internal auditing.		
Corrective Actions:	<ul style="list-style-type: none"> - The group committee reviews the internal assessment process annually." - Clearly define the audit checklist and audit matrix to be assessed each year in the manual. 		
Assessment Conclusion:	The onsite NCR close-out visit was conducted on 4 April 2024, to check the ICS and checklist smallholder data. It was found that corrections and corrective actions have been implemented satisfactorily and effectively, as observed during field visits, interviews with smallholder members, and document verification. The effectiveness of these corrective actions will be further verified in the next assessment.		

NCR Ref #	2432390-202312-M5	Issued Date	20 Dec 2023
Due Date	19 Dec 2024	Closure Date	4 April 2024
Indicator & Category (Critical / Minor)	C.2.1 MS A/Critical		
Statement of Nonconformity:	The group did not implement the plan for continuous improvement projects in Y2023		
Requirement Reference:	C.2.1 MS A The group management plan is implemented and reviewed at least annually.		
Objective Evidence:	No evidence was found of data collection or annual review of the group management plan, such as plans to reduce GHG emissions, reduce fuel usage, and decrease chemical use.		

Corrections:	The group committee has arranged for knowledgeable personnel to conduct training for members. Training will be held on 11 January 2024, with personnel from the District Agricultural Office. Group managers are responsible for collecting and storing knowledge-related data and documents for the group regularly.
Root Cause Analysis:	Group manager and internal auditors still lack knowledge and understanding about internal auditing for Group Managers and group management plan, such as plans to reduce GHG emissions, reduce fuel usage, and decrease chemical use.
Corrective Actions:	<ul style="list-style-type: none"> - Conduct training to review various knowledge areas once a year as group management plan, such as plans to reduce GHG emissions, reduce fuel usage, and decrease chemical use. - Provide training on various topics to new members within 3 months of joining, according to the group management plan, such as plans to reduce GHG emissions, reduce fuel usage, and decrease chemical use.
Assessment Conclusion:	The onsite NCR close-out visit was conducted on 4 April 2024, where training/field day attendance and the review and update of the manual for smallholders were verified group management plan, such as plans to reduce GHG emissions, reduce fuel usage, and decrease chemical use. Based on the verification of corrections, root cause analysis, and corrective actions, this non-conformity has been addressed and closed. The effectiveness of the corrective actions taken will be further verified in the next assessment.

3.4 Stakeholders and previous landowner / user consultation

Stakeholder consultation involved internal and external stakeholders. External stakeholders were contacted by telephone to arrange meetings at a location convenient to them to discuss Tha Mapla Oil Palm Grower Community Enterprise Certification Unit's environmental and social performance, legal and any known dispute issues.

Meetings were conducted with stakeholders to seek their views on the performance of the company with respect to the RSPO requirements and aspects where they considered that improvements could be made. At the start of each meeting, the interviewer explained the purpose of the audit followed by an evaluation of the relationship between the stakeholder and the company before discussions proceeded. The interviewer recorded comments made by stakeholders and later was verified with the management team. Any comment which is not complying to the RSPO ISH standard requirements have been incorporated as an assessment finding.

Structured worker interviews with male and female workers and staff were held in private at the workplace. Fieldworkers were interviewed informally in small groups in the field. In addition, the wives of workers and staff were interviewed in informal group meetings at their housing. Separate visits were made to each of the local communities to meet with the village head and residents. Company officials were not present at any of the internal or external stakeholder interviews. A list of Stakeholders contacted is included as below.

Stakeholders contacted		
Type of Stakeholder (e.g. Internal, Union, Contractor, Governmental Department, NGO, External, Communities)	Stakeholder name / organization	Means of communication (e.g. face to face interview, email, phone interview, comment from public notice)
Governmental Department	Miss Chanoknan Petchasom / Representative of Chief Executive of Tha Maphla Municipality Environmental Officer	face to face interview
Governmental Department	Mrs. Natthanan Wanna / Head of (THA MAPHLA TAMBON HEALTH PROMOTING HOSPITAL) district	face to face interview
Governmental Department	Mrs. Natthakan Sriwarom Chef of Lang Suan District Agriculture Office	face to face interview
Communities	Mr. Suchon Chansuk / Head of village Moo 3, Tha Mapla Sub-district, Langsuan district	face to face interview

Stakeholders comment	
1	<ul style="list-style-type: none"> Feedback: Representative of Chief Executive of Miss Chanoknan Petchasom / Representative of Chief Executive of Tha Maphla Municipality Environmental Officer No conflict of land right. The boundaries of the plantation are clear. And also, no complaint raised by

Principle 4: Protect, conserve and enhance ecosystems and the environment

Protect the environment, conserve biodiversity, enhance ecosystems and ensure sustainable management of natural resources.

Preamble

High Conservation Value (HCVs) and High Carbon Stock (HCS) forests

This Independent Smallholder Standard is pursuing the objective of the RSPO Smallholder Strategy to increase smallholder inclusion, prioritise improved practices which also benefit smallholder livelihoods, whilst also upholding the core sustainability requirements. This includes the protection of areas of HCV and HCS forests. The RSPO has developed a simplified HCV methodology for identifying, protecting and managing HCVs that provides guidance for both existing and new planting (see here).

Aligned with the new HCS requirements in the RSPO 2018 P&Cs, the RSPO, in consultation with the HCSA Steering Group, intends to develop a simplified combined HCV-HCS approach to identify and protect HCS forests. The simplified and combined HCV-HCS approach for independent smallholders will be open to public consultation and will be published no later than November 2020.

RSPO P&C Public Summary Report
Revision 15 (Nov 2023)

Criterion / Indicator		Assessment Findings	Compliance
<p>In the meantime, independent smallholders are not allowed to clear any primary forests or any areas required to protect or enhance HCVs and HCS forests, as committed by signing the Smallholder Declaration. Until the simplified combined HCV-HCS approach and tool for independent smallholders is available, new plantings will only be permitted in low risk areas. The definition and procedure for identification of low risk areas will be defined by a Smallholder No Deforestation Task Force.</p> <p>Remediation and Compensation Procedure (RaCP)</p> <p>Remediation and compensation are required for any clearance since November 2005 without prior HCV assessment (see criterion 4.2) and any clearance since November 2019 without prior HCS assessment.</p> <p>The requirements as outlined in the RaCP (2015) is not fully applicable for independent smallholders. For independent smallholders, this RSPO ISH Standard is focused on developing an appropriate RaCP mechanism such as on-site remediation (with funding mechanisms to be determined) as this is contextually appropriate to the scale of independent smallholder production and enables independent smallholders to maximise positive environmental impact on-site. The requirement means that quantified liability is disclosed and assessed through a land use change analysis (LUCA) supported by the RSPO Secretariat.</p>		<p>Criteria 4.1: High Conservation Values (HCVs) on the smallholder plot or within the managed area and High Carbon Stock (HCS) forests identified after November 2019 using the simplified combined HCV-HCS approach, are managed to ensure that they are maintained and/or enhanced.</p>	
Eligibility	Smallholders commit to protect HCVs and HCS forests through the precautionary practices approach (Refer to appendix 1).	<p>Smallholder members have signed the statement letter "Members Tha Mapla Oil Palm Grower Community Enterprise" which stated at point D item 11, "Protect HCVs and HCS forests through the approach of the precautionary practice." Tha Mapla Oil Palm Grower Community Enterprise commits to protecting the HCV area and maintaining the HCV area. HCV assessment has been conducted since 15 Aug 2022. Last monitoring on 15 Aug 2022 by RSPO for new smallholder members could demonstrate the group member's signature to commit to no new planting or expansion of existing farms in primary forests, HCV areas, HCS forests, and riparian areas, or on the steep slope. From Interviewing, the group representative understood HCV areas and HCS forests' basic concepts.</p> <p>Sampling the declaration from the group member found the sampling group member has signed the declaration that commits to protecting the HCV areas and HCS forests. For example,</p>	Complied

Criteria 4.2: Where the existing smallholder plot has been planted and cleared after November 2005 or is on an area identified as HCS forests after November 2019 up to the eligibility period, a RaCP process appropriate for smallholders based on Land Use Change Analysis (LUCA) will be applicable (reference preamble).			
Eligibility	Smallholders provide information on all smallholder plots converted and planted with oil palm after 2005, through use of the simplified combined HCV- HCS approach for Smallholders (Refer to appendix 1).	Tha Mapla Oil Palm Grower Community Enterprise commits to protecting the HCV area and maintaining the HCV area. HCV assessment has been conducted since 15 Aug2022 by Tha Mapla Oil Palm Grower Community Enterprise for all smallholder members.	Complied

RSPO P&C Public Summary Report
Revision 15 (Nov 2023)

Criterion / Indicator		Assessment Findings	Compliance
		<p>During the evaluation, smallholder members provided information on all smallholder plots converted and planted with oil palm after 2005. Report of HCV assessment was available in Tha Mapla Oil Palm Grower Community Enterprise" dated 15 Aug2022. According to the HCV assessment, no HCV area non-RTE species is identified in the smallholder plot. Based on HCV and HCS identification, no forest is recognized, and an area with high carbon stock at the smallholder plot. The group manager has identified the riparian buffer zone and confirmed that there was a riparian buffer zone identified.</p>	
Milestone A	Group members develop a plan to identify the maximum area for on-site remediation of HCVs lost since 2005 and HCS forests lost since November 2019, through a participatory process and the plan is submitted to RSPO.	<p>Based on the latest Land Use Change Analysis report dated 15 Aug 2022 by some recommendations from LUCA are indicated. Based on communication 26 July 2023, the group reconfirm the hectareage/total size of land, the planting month and year. The interim FCL of independent smallholders under Tha Mapla Oil Palm Grower Community Enterprise Thailand Considering the above, the status of the LUC Analysis of Tha Mapla Oil Palm Growers Community Enterprise Group, Thailand is Satisfactory subject to a satisfactory plan being accepted by RSPO for the FCL of 1.30 ha. Tha Mapla Oil Palm Grower Community Enterprise needs to remediate a total of 0.00 ha of palm oil. The group decided to use the BMP to develop for the certified area Tha Mapla Oil Palm Grower Community Enterprise has developed the plan to remediate the riparian by Planting the wooden trees (Bamboo trees, vetiver), Marking the boundary of riparian and installing the warning sign to prohibit the chemical activity in the riparian zone, and monitoring the areal. Evidence of plan implementation can be demonstrated during the audit; the marking of riparian boundaries, warning sign installation, and planting (Bamboo trees, vetiver)</p> <p>Considering the above, it concluded that LUCA Analysis which included HCV-HCS assessment identified for any new oil palm planting after</p>	Complied

Total					37.81	36.59	847.41		

Note:

- * Smallholders sampled in this audit.
- This is initial audit and the group certified MS. A. Therefore the FFB that can be claim as certify is 70% of 847.41 mt equals to 593.18 mt FFB
This is Certify MS A =70%, Therefore the certificate is 593.18 MT, CSPO = 118.64 MT and CSPK = 29.66 MT

RSPO P&C Public Summary Report

Revision 15 (Nov 2023)

Appendix F: List of Abbreviations

a.i	Active Ingredient
BOD	Biochemical Oxygen Demand
CB	Certification Bodies
CHRA	Chemical Health Risk Assessment
COD	Chemical Oxygen Demand
CPO	Crude Palm Oil
CSPO	Certified Sustainable Palm Oil
CSPKO	Certified Sustainable Palm Kernel Oil
EFB	Empty Fruit Bunch
EHS	Environmental, Health and Safety
EIA	Environmental Impact Assessment
EMS	Environmental Management System
FFB	Fresh Fruit Bunch
FPIC	Free, Prior, Informed and Consent
GAP	Good Agricultural Practice
GHG	Greenhouse Gas
GMP	Good Manufacturing Practice
GPS	Global Positioning System
HCV	High Conservation Value
IPM	Integrated Pest Management
IP	Identity Preserved
IS - CSPO	Independent Smallholder Certified Sustainable Palm Oil
IS – CSPKO	Independent Smallholder Certified Sustainable Palm Kernel Oil
IS – CSPKE	Independent Smallholder Certified Sustainable Palm Kernel Expeller
ISCC	International Sustainable Carbon Certification
ISS	Independent Smallholder Standard
LD50	Lethal Dose for 50 sample
MB	Mass Balance
MSDS	Material Safety Data Sheet
MT	Metric Tonnes
OER	Oil Extraction Rate
OSH	Occupational Safety and Health
PK	Palm Kernel
PKO	Palm Kernel Oil
POM	Palm Oil Mill
POME	Palm Oil Mill Effluent
PPE	Personal Protective Equipment
RSPO	Roundtable on Sustainable Palm Oil
P&C	Principles & Criteria
RTE	Rare, Threatened or Endangered species
SCCS	Supply Chain Certification Standard
SEIA	Social & Environmental Impact Assessment
SIA	Social Impact Assessment
SOP	Standard Operating Procedure
