

BSI Regulatory Services (Medical Devices) EU Notified Body / UK Approved Body Management Impartiality Declarations

The BSI Regulatory Services Business Streams of BSI Group, The Netherlands B.V. and BSI Assurance UK Ltd are committed to delivering impartial, independent and confidential certification services to clients of its Medical Devices EU Notified Body (2797) and Medical Devices UK Approved Body (0086).

Our Certification Business Policy is implemented for all staff of the Notified Body and Approved Body within our internal Quality Management System and is publicly available on our web site.

In support of their commitment to the Certification Business Policy the Notified Body and Approved Body top-level management declare the following:

- That they are committed to the implementation of the Certification Business Policy within the Notified Body and Approved Body.
- That they are committed to act impartially in all related activities they undertake.
- That they understand their obligations for impartiality, including defining policies related to impartiality and are committed to mitigating any risk to impartiality for the services the Notified Body and Approved Body provide.
- That they personally have no financial or other business interests that would conflict with the Certification Business Policy.
