

Internal audit solutions

Build trust and accelerate progress

Building trust

Our solutions enable you to build trust and strengthen credibility by:

- Helping you understand and mitigate risk
- Combatting the largest risks on your risk register, such as ESG, digital trust, and health safety and well-being.
- Taking the pressure off through internal audits
- Navigating the complex internal environment

“Restoring trust is key to societal stability”
-Edelman’s Trust Barometer 2022¹

Mitigate risks around ESG activities²

As of 2020, **88%** of publicly traded companies, and **67%** of privately owned companies, **had ESG initiatives** in place

Organizations with the highest employee satisfaction **had ESG scores 14% higher** than the global average

88% of consumers will be more loyal to a company that **supports social or environmental issues**

Report progress on your ESG goals and accelerate progress

Our solutions provide insights that help you:

- Mitigate your risks
- Unlock opportunities
- Demonstrate transparency

Mitigate risks related to digital security

88% of data breach incidents are directly linked to employee mistakes³

Cybersecurity risks are **the 8th most significant global risk** (Global Risks Report 2022, by the World Economic Forum)⁴

A hacking attack occurs every **39 seconds**⁵

Build digital trust

Our solutions independently assess your existing and required controls, and they help your board to understand and address evolving digital risks.

Mitigate risks related to health and safety

Effective health and safety management **reduces incident rates by over 20%**⁶

Globally, an estimated **12 billion working days** are lost every **year** to depression and anxiety⁷

People at high-trust companies report: **74%** less stress, **106%** more energy at work, **50%** higher productivity, **13%** fewer sick days, **76%** more engagement and **40%** less burnout⁸

Build a culture of trust

Our solutions help ensure your organization puts people first. This helps you to create a culture of trust and achieve long-term organizational resilience.

Gain control

Our experts and tools can help you unlock opportunities and demonstrate transparency.

By working as your trusted partner, we can enable greater agility and resilience so you can create a truly collaborative internal audit programme that builds trust.

BSI can help mitigate your risks by:

Making all your auditing data **easily accessible** and **readable**

Compiling audit findings from programmes, locations, and projects through **one central tracking tool**

Creating **uniform metrics** that can be used across your organization to drive business improvement

Your tailored solution

We developed our solutions to help organizations like yours, across the range of industry sectors and sizes of organizations.

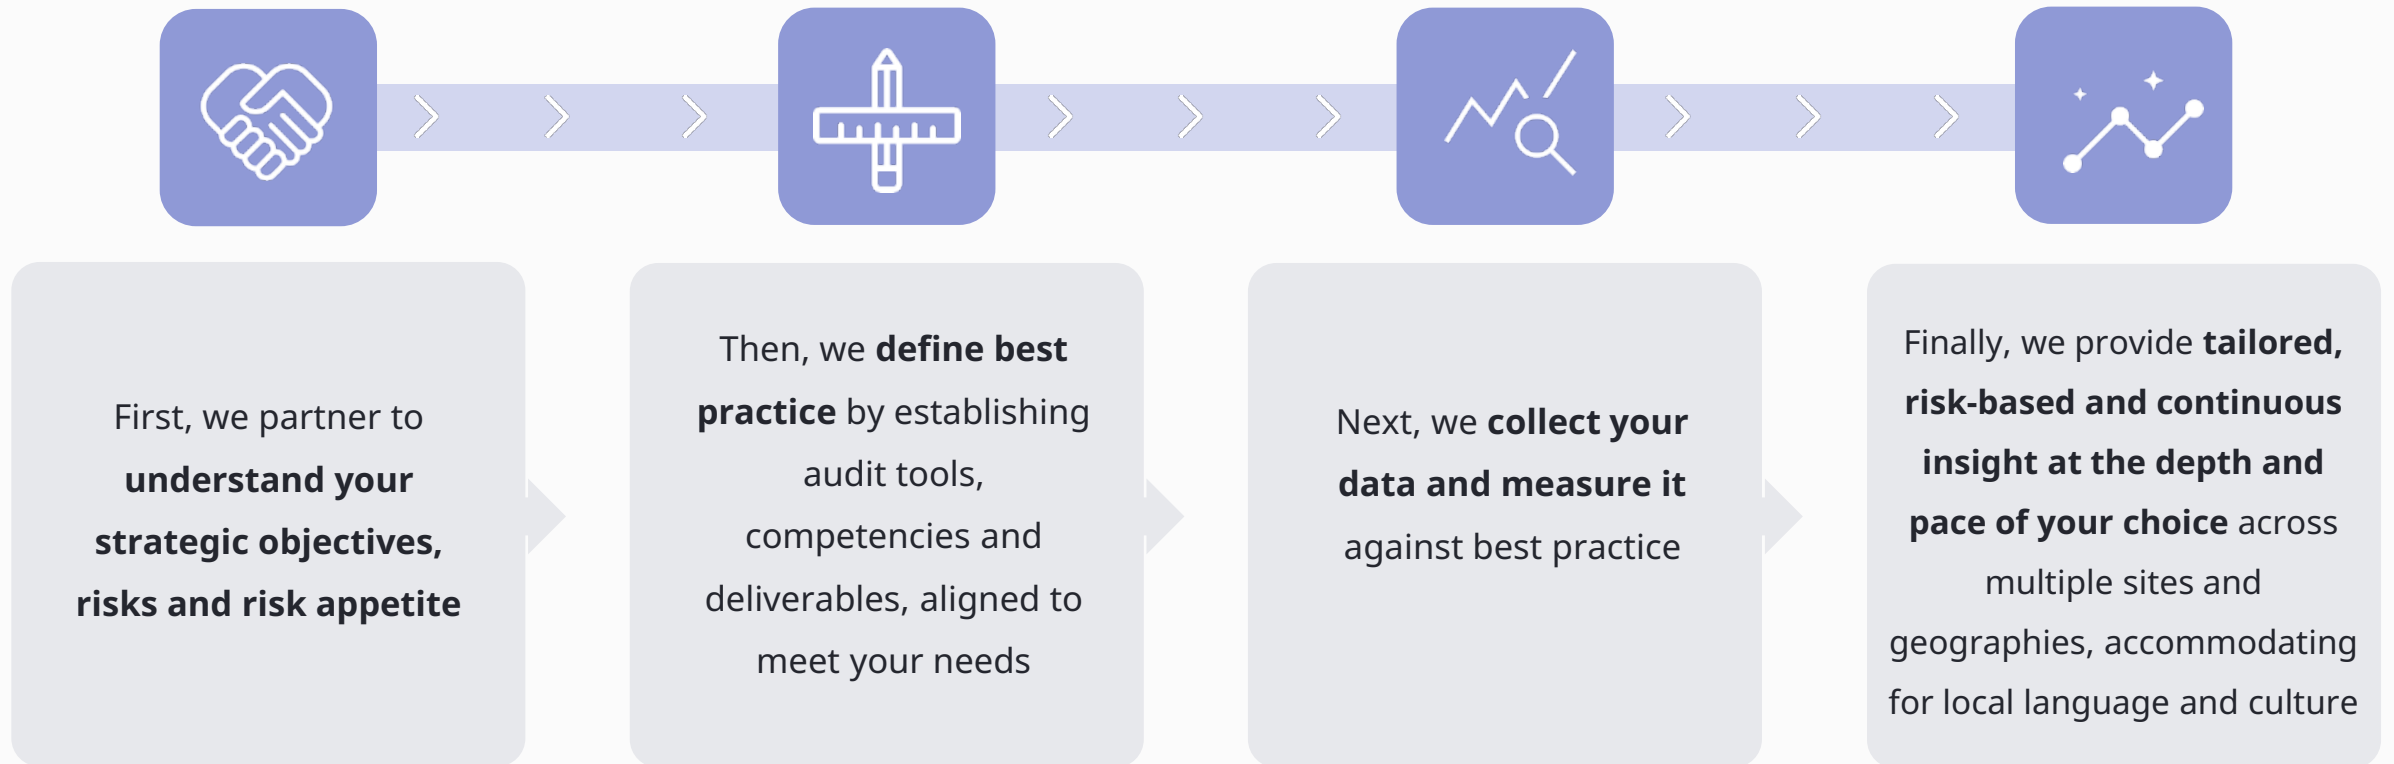

As your partner, we can create a **fully tailored solution** that delivers **risk-based and continuous assurance**.

One that provides management insights that are meaningful, and business improvements that build trust and accelerate progress.

Our approach

We use the BSI Connect platform to power your solution

Empowering your internal audit programme is our BSI Connect tool which enables auditors to collect, analyze and review data. With this insight you can:

- Drive business improvement
- Uncover opportunities
- Build trust
- Accelerate progress

BSI Connect lets auditors compile audit findings from programmes, locations, and projects in one central tracking tool.

With it you can create uniform metrics across your organization and provide easily accessible data and insights to drive business improvements that are measurable and tangible.

A trusted partner

For more than **120 years**, we have helped organizations like yours to achieve their goals. To grow sustainably while **balancing the need for profit with the needs of the planet and its people**.

We bring together leading thinkers, innovators, and practitioners to create best practice standards and regulatory frameworks.

We offer you the structure, expertise and innovation to **deliver positive change across your organization**.

We would like to be your partner in progress, and provide an internal audit solution that is tailored to your needs.
