Course descriptive

Get global recognition as a data protection professional with our Certified Information Privacy Professional Europe (CIPP/E) course. This 2-day training course encompasses pan-European and national data protection laws, key data protection terminology and practical concepts concerning the protection of personal data and trans-border data flows.

Achieving a CIPP/E credential shows you have the comprehensive GDPR knowledge, perspective, and understanding to ensure compliance and data protection success in Europe - and to take advantage of the career opportunity this sweeping legislation represents.

**Exam fee included.

Pedagogical objectives

- Module 1: Data Protection laws
- Module 2: Personal data
- Module 3: Roles and relationships of controllers and processors
- Module 4: Processing personal data
- Module 5: Information provision
- Module 6: Data subjects' rights
- Module 7: Security or processing
- Module 8: Accountability
- Module 9: International data transfers
- Module 10: Supervisions and enforcement
- Module 11: Compliance

Skills to be acquired

- You'll have an enhanced understanding of jurisdictional laws, regulations and enforcement models, rules and standards
- Feel confident with the essential privacy concepts and principles and legal requirements for handling and transferring data
- Be familiar with the key areas of CIPP/E required for the exam
- You'll have practical experience to apply concepts and achieve a best practice privacy program
- Be skilled in helping your organization have resilience with personal data management and data flow between different countries
